Calcium carbonate deposition on intrauterine contraceptive devices (Yang and Yang), 664 (Comm. in brief)
Canada, Society of Obstetricians and Gynaecologists of, transactions of twenty-sixth annual meeting, 341-388
Cancer, cervical, treatment of (Roddick and Greenelaw), 754
chemotherapy, current, in obstetrics and gynecology (Bloomfield), 487 (Current developments)
Carbohydrate metabolism in pregnancy (Mestman, Anderson, and Barton), 41
in primate fetus (Little, Nasser, and Spellacy), 732
Carbon dioxide, effect of elevations of, on fetal carotid blood flow (Quilligan, Dunnihoo, and Anderson), 706
Carbonate deposition, calcium, on intrauterine contraceptive devices (Yang and Yang), 664 (Comm. in brief)
therapy, lithium, during pregnancy, apparent lack of effect upon the fetus (Silverman, Winters, and Strande), 934
Carcinoma of cervix, intraepithelial (Bergsjø and Evans), 879
primary, appearing in immunosuppressed renal transplant recipient (Tallent, Simmons, and Najarian), 663 (Comm. in brief)
and hyperplasia of endometrium (Bettinger), 194
ovarian,—Perspective for the 70's (Drukker and Hodgkinson), 825
recurrent pelvic, pelvic exenterative therapy in (Morley, Lindenauer, and Cerny), 1175
serous, of ovary, psammoma bodies in (Aure, Høeg, and Kolstad), 113
of vulva, invasive, with lymph node metastasis (Collins, Lee, and Roman-Lopez), 446
Cardiovascular system, maternal, fetal heart rate, acid-base balance, and uterine contractility during labor, action of orciprenaline on (Zilianti and Aller), 1073 (Current investigation)
Carotid blood flow, fetal, effect of elevations of carbon dioxide on (Quilligan, Dunnihoo, and Anderson), 706
Castrated postmenopausal women, effect of human chorionic gonadotropin on (Poliak, Jones, and Woodruff), 555
Catecholamines to mother, production of fetal asphyxia in rhesus monkey by administration of (Adamsons, Mueller-Heubach, and Myers), 248
Cell(s), donor, persistence of, in neonates after fetal and exchange transfusion (Hutchinson, Turner, and Schlesinger), 281
tumors, germ, associated with XY gonadal dysgenesis (Schellhas et al.), 1197
X, in human placenta, autoradiographic study of (Kim and Benirschke), 96
Cellular changes during placental and fetal growth (Winick), 166 (Current developments)
Central Association of Obstetricians and Gynecologists, transactions of thirty-eighth annual meeting, 1105-1210
venous pressure monitoring, hazards of, pericardial tamponade (Homesley and Zelenik), 1216 (Comm. in brief)
Certification by American Board of Obstetricians and Gynecologists, 811 (Items)
Ceruloplasmin, serum copper and, in pregnancy (Burrows and Pekala), 907
Cervical cancer, treatment of (Roddick and Greenelaw), 754
cytodiagnostic problems, survey (Seybolt and Johnson), 1089 (Current developments)
dysplasia, cryosurgical treatment of (Kaufman and Conner), 1167
mucus, simplified technique for evaluation of biophysical properties of (Davajan, Nakamura, and Mishell), 1042
and ovarian malignancies, antigenicity of, with view toward possible immunodiagnosis (Levi), 689
smears, abnormal, colposcopy in management of, in pregnancy (Ortiz and Newton), 46
Cervix, intraepithelial carcinoma of (Bergsjø and Evans), 879
primary carcinoma of, appearing in immunosuppressed renal transplant recipient (Tallent, Simmons, and Najarian), 663 (Comm. in brief)
Cesarean section under thiopental, N_2O, and succinylcholine anesthesia, maternal acid-base status during (Kalappa et al.), 411
Chambers, Millipore diffusion, normal trophoblast from term human placentas, propagation and hormone production by human normal and malignant trophoblast in rats (Kurz), 1049

XUM

Chambers, Millipore diffusion—Cont'd
in rats, choriocarcinoma in, propagation and hormone production by human normal and malignant trophoblast in rats (Kurz), 1058
Chemotherapy, current cancer, in obstetrics and gynecology (Bloomfield), 487 (Current developments)

Dactinomycin, hormones, and methotrexate, effects of, on benign trophoblast (Koide, Aoki, and Hreshchyshyn), 453
Deaths in gynecology (Johnson, Darling, and McDonell), 838

Deaths—Cont'd
indirect obstetric, in state of Michigan 1960—1968 (Visscher and Visscher), 1187
Deciduotrophoblastic interface of mouse placenta, ultrastructure of (Martinek), 424
Dehydrogenase, glucose, β-glucuronidase, and N-acetyl-β-glucosaminidase from placenta and gestational serum, electrophoretic characterization of (Huddleston, Lee, and Robinson), 1017
Delivery, mode of, effect of labor and, on immunoglobulin concentrations in neonate (Yang et al.), 78
Device(s), intrauterine contraceptive, calcium carbonate deposition on (Yang and Yang), 664 (Comm. in brief)
"T," copper as adjunct to, contraception through use of intrauterine metals (Zipper et al.), 771 (Current investigation)
Diacetate, ethynodiol, effect of varying dosages of, upon serum luteinizing hormone (Mishell and Odell), 140
Diazepam, placental transfer and fetal metabolism of, in early human pregnancy (Idänpään-Heikkilä et al.), 1011
Diffusion chambers, Millipore, normal trophoblast from term human placentas, propagation and hormone production by human normal and malignant trophoblast in rats (Kurz), 1049
in rats, choriocarcinoma in, propagation and hormone production by human normal and malignant trophoblast in rats (Kurz), 1058
Dioxide, carbon, effect of elevations of, on fetal carotid blood flow (Quilligan, Dunnihoo, and Anderson), 706
Diphenylhydantoin: Effect on chromosomes of human leukocytes (Stenchever and Jarvis), 961 (Comm. in brief)
placental transfer and neonatal elimination of (Mirkin), 930
Disease, Hodgkin's, treated with antineoplastic agents, amenorrhea in patients with (Sobrinho, Levine, and DeConti), 135
Distress syndrome, respiratory, diagnosis of, by amniocentesis (Gluck et al.), 440
Donor cells, persistence of, in neonates after fetal and exchange transfusion (Hutchinson, Turner, and Schlesinger), 281
Ductus arteriosus, perfused human fetal, studies on pharmacology of (McMurphy and Boréus), 937
Dwarfism, thanatophoric, obstetric features of (Thompson and Parmley), 396
Dysgenesis, XO/XY fragment gonadal, gonadoblastoma occurring in a female with (Fahim, Hall, and Jones), 558
XY gonadal, germ cell tumors associated with (Schellhas et al.), 1197
Dysplasia, cervical, cryosurgical treatment of (Kaufman and Conner), 1167
Dystrophies, vulvar, treatment of, with topical testosterone propionate (Zelle), 570

E

Edema, early, during pregnancy, new method concerning detection of (Tarján and Horváth), 918
Electrolyte excretion and sodium space during menstrual cycle (Michelakis, Stant, and Brill), 150
Electrophoretic characterization of glucose dehydrogenase, β-glucuronidase, and N-acetyl-β-glucosaminidase from placenta and gestational serum (Huddleston, Lee, and Robinson), 1017
Endocrine control of gestational length (Ryan), 299
Endometrial adenocarcinoma, oxygen consumption of (Alvarez, Okagaki, and Richart), 874
histology, relation of, to outcome of dysfunctional uterine bleeding (Nedoss), 103
Endometriosis, complete operations (Ranney), 1137
infertility due to (Spangler, Jones, and Jones), 838
of rhesus monkey, radioactive estradiol accumulation in (Eisenfeld, Gardner, and van Wagenen), 124
Endometrium, heterografted human, prolonged survival of, with transplantation antigen pretreatment (Laguens et al.), 131
human, in culture, effect of oral contraceptives on (Csermely, Hughes, and Demers), 1066
hyperplasia and carcinoma of (Bettinger), 194
instrument for functional biopsy of (Teleman), 949 (Comm. in brief)
Epithelial, intra-, carcinoma of the cervix (Bergsjø and Evans), 879
Esterase, postheparin, and lipoprotein lipase activity and postheparin increase in free fatty acids after short-term administration of sequential contraceptive (Fabian et al.), 1212 (Comm. in brief)
Estradiol accumulation, radioactive, in endometriosis of rhesus monkey (Eisenfeld, Gardner, and van Wagenen), 124
Estriol(s), human placental lactogen, and pregnanediol in pregnancy, serial estimation of, correlated with whole organ section of placenta (Samaan et al.), 63
urinary, and elevated blood pressure, relationship between, during pregnancy (MacLeod, Mitton, and Avery), 375
reduced maternal plasma and, during ampicillin treatment (Willman and Pulkkinen), 893
Estrogen(s), effect of, on fetal oxygenation (Curet), 421
ovarian steroids on hepatic metabolism (Fahim, Hall, and Jones), 558
excretion during pregnancy in a high-risk population (Osofsky et al.), 1
in human pregnancy urine, plasma, and amniotic fluid, radioimmunoassay for (Gurpide et al.), 897
and progesterone, effect of, on uptake of amnio acids by uterus of nonpregnant ewe (Curet and Caton), 548
and progestins, effect of, on blood pressure regulation of normotensive women (von Eiff et al.), 887
in vivo human myometrial response to withdrawal of, in nonpregnant state (Moawad), 359
regulatory effect of, on fetal growth, placental and fetal body weights (Abdul-Karim et al.), 656
Ethanol, effect of, upon uterine activity and fetal acid-base state of the rhesus monkey (Horiguchi et al.), 910
Ethynodiol diacetate, effect of varying dosages of, upon serum luteinizing hormone (Mishell and Odell), 140
Euthyroid and hypothyroxinemic women, development and retardation of 4-year-old progeny of, thyroid function in human pregnancy (Man, Holden, and Jones), 12
Exchange and fetal transfusion, persistence of donor cells in neonates after (Hutchinson, Turner, and Schlesinger), 281
Excretion, circadian urinary, serum profile, and clearance values in pregnancy, radioimmunoassay of human chorionic gonadotropin (Crosignani, Brambati, and Nencioni), 985
Exenterative therapy, pelvic, in recurrent pelvic carcinoma (Morley, Lindenauer, and Cerny), 1175

F

Family planning comes of age (Hellman), 214
Fatty acid(s) determinations, free, in normal and abnormal pregnancies (Dražančić and Stavlenić), 666 (Comm. in brief)
free, postheparin increase in, and lipoprotein lipase and postheparin esterase activity, after short-term administration of sequential contraceptive (Fabian et al.), 1212 (Comm. in brief)

XUM

Fertility, anti-, effects of intrauterine progesterone in rabbit (Seshadri, Gibor, and Scommegna), 536
Fetal acid-base state, uterine activity and, of rhesus monkey, effect of ethanol upon (Horiguchi et al.), 910
asphyxia, production of, in rhesus monkey by administration of catecholamines to the mother (Adamsons, Mueller-Heubach, and Myers), 248
brain response, human, to sound during labor (Scibetta et al.), 82
carotid blood flow, effect of elevations of carbon dioxide on (Quilligan, Dunnihoo, and Anderson), 706
ductus arteriosus, perfused human, studies on pharmacology of (McMurphy and Boréus), 937
environment, intrauterine noise as component of (Walker, Grimwade, and Wood), 91
and exchange transfusion, persistence of donor cells in neonates after (Hutchinson, Turner, and Schlesinger), 281
growth, regulatory effect of estrogens on, placental and fetal body weights (Abdul-Karim et al.), 656
heart rate, acid-base balance, uterine contractility during labor, and maternal cardiovascular system (Zilianti and Aller), 1073 (Current investigation)
change and movement, human, in response to sound and vibration (Grimwade et al.), 86
and fetal biochemistry, observations on, fetal-maternal pH differences (Khazin and Hon), 432
patterns, role of, in recognition of fetal asphyxia with metabolic acidosis (Low, Boston, and Pancham), 922
maternal and, growth hormone plasma concentrations during labor, correlation of gestational age with maternal human chorionic somatomammotropin and (Cramer, Beck, and Makowski), 649
membranes, placenta and, of baboon, fine structure of (Wynn, Panigel, and MacLennan), 638
metabolism and placental transfer of diazepam in early human pregnancy (Idänpään-Heikkilä et al.), 1011
monitoring in private hospital (Goddard), 1145
oxygenation, effect of estrogen on (Curet), 421
pigment, further studies on (Bernstine, Gorman, and Rice), 1222 (Comm. in brief)
and placental growth, cellular changes during (Winick), 166 (Current developments)
sheep, maternal and, some effects of meperidine hydrochloride on (Jenkins and Dilts), 1005
weight, fetal survival, and the maternal state, relationship between, toxemia of pregnancy (Hendricks and Brenner), 225
Fetus, apparent lack of effect of lithium carbonate therapy during pregnancy upon (Silverman, Winters, and Strande), 934
effects of maternal hyperoxia on, oxygen tension (Khazin, Hon, and Hehre), 628
primate, carbohydrate metabolism in (Little, Nasser, and Spellacy), 732

Hypothyroxinemic and euthyroid women, development and retardation of 4-year-old progeny of, thyroid function in human pregnancy (Man, Holden, and Jones), 12

I

Immunization with human placental lactogen, effects of, on reproduction in female rabbits (El Tomi, Crystle, and Stevens), 74
Immunoassay, new simple, for human chorionic gonadotropin (Lau), 29
Immunodiagnosis, possible, antigenicity of ovarian and cervical malignancies with view toward (Levi), 689
Immunoglobulin concentrations in neonate, effect of labor and mode of delivery on (Yang et al.), 78
serum, during nomal pregnancy (Maroulis, Buckley, and Younger), 971
levels in amniotic fluid (Curl), 408
Immunosuppressed renal transplant recipient, primary carcinoma of cervix appearing in (Tallent, Simmons, and Najarian), 663 (Comm. in brief)
Infection, cytomegalovirus, intrauterine diagnosis of, viral recovery from amniocentesis fluid (Davis et al.), 1217 (Comm. in brief)
Infertility due to endometriosis (Spangler, Jones, and Jones), 838
lymphocyte reaction in mixed wife-husband leukocyte cultures in relation to (Ohama and Kadotani), 477
Infusion, constant, and a single injection of ^{3}H-norethynodrel, distribution and uptake of radioactivity in rat tissues after (Laumas, Malkani, and Laumas), 457
Injection, a single, and constant infusion of ^{3}H-norethynodrel, distribution and uptake of radioactivity in rat tissues after (Laumas, Malkani, and Laumas), 457
Interface, deciduotrophoblastic, of mouse placenta, ultrastructure of (Martinek), 424
Intraepithelial carcinoma of the cervix (Bergsjø and Evans), 879
Intrauterine contraceptive device(s), calcium carbonate deposition on (Yang and Yang), 664 (Comm. in brief)
new, immediate postpartum insertion of (Rashbaum and Wallach), 1003

XUM

Intrauterine—Cont'd
diagnosis of cytomegalovirus infection, viral recovery from amniocentesis fluid (Davis et al.), 1217 (Comm. in brief)
growth retardation (Lugo and Cassady), 615
experimental, in the rat, hepatic gluconeogenesis and lipogenesis in (Nitzan and Groffman), 623
metals, contraception through use of, copper as adjunct to "T" device (Zipper et al.), 771 (Current investigation)
noise, component of fetal environment (Walker, Grimwade, and Wood), 91
paroxysmal atrial tachycardia (Tuxen, Kaplan, and Ueland), 958 (Comm. in brief)
progesterone, antifertility effects of, in the rabbit (Seshadri, Gibor, and Scommegna), 536
Introduction, Festschrift for Dr. Howard C. Taylor (Barnes and Brewer), 185
Invasive carcinoma of vulva with lymph node metastasis (Collins, Lee, and Roman-Lopez), 446
Items, 184, 530, 811, 1104
IUCD, ultrasonic localization of, new technique (Nemes and Kerenyi), 1219 (Comm. in brief)

L

Labor, functional divisions of (Friedman), 274
human fetal brain response to sound during (Scibetta et al.), 82
maternal and fetal growth hormone plasma concentrations during, correlation of gestational age with maternal human chorionic somatomammotropin and (Cramer, Beck, and Makowski), 649
and mode of delivery, effect of, on immunoglobulin concentrations in neonate (Yang et al.), 78
studies on level of blood progesterone throughout course of (Ances, Hisley, and Haskins), 36
uterine contractility during, maternal cardiovascular system, fetal heart rate, and acid-base balance, action of orciprenaline on (Zilianti and Aller), 1073 (Current investigation)
Lactation, pregnancy, and menopause, gonadotropin-inhibiting factor in (Brambilla and Sirtori), 599
Lactogen, human placental, effects of immunization with, on reproduction in female rabbits (El Tomi, Crystle, and Stevens), 74
estriol, and pregnanediol in pregnancy, serial estimation of, correlated with whole organ section of placenta (Samaan et al.), 63
Laparoscopy, trends in (Siegler), 794 (Current developments)
Law, Colorado's abortion, second year's experience with (Droegemueller, Florio, and Taylor), 957 (Comm. in brief)
Leukocyte(s) cultures, mixed wife-husband, lymphocyte reaction in, in relation to infertility (Ohama and Kadotani), 477
human, effect of diphenylhydantoin on chromosomes of (Stenchever and Jarvis), 967 (Comm. in brief)
Lipase, lipoprotein, and postheparin esterase activity and postheparin increase in free fatty acids after short-term administration of sequential contraceptive (Fabian et al.), 1212 (Comm. in brief)
Lipid and lipoprotein changes, plasma, during "pill-a-month" contraceptive steroid administration (Sachs and Wolfman), 155 (Current investigation)
Lipogenesis, gluconeogenesis and, hepatic, in experimental intrauterine growth retardation in the rat (Nitzan and Groffman), 623
Lipoprotein lipase and postheparin esterase activity and postheparin increase in free fatty acids after short-term administration of sequential contraceptive (Fabian et al.), 1212 (Comm. in brief)

Lipoprotein—Cont'd
and lipid changes, plasma, during "pill-a-month" contraceptive steroid administration (Sachs and Wolfman), 155 (Current investigation)
Lithium carbonate therapy during pregnancy: Apparent lack of effect upon the fetus (Silverman, Winters, and Strande), 934
Lutea, corpora, of rats, aniline-induced changes in (Hatakeyama et al.), 469
Luteinizing hormone, serum, effect of varying dosages of ethynodiol diacetate upon (Mishell and Odell), 140
and follicle-stimulating hormones, alcohol precipitation technique in radioimmunoassay for (Kazeto, Sansone, and Hreshchyshyn), 952 (Comm. in brief)
Luteomas of pregnancy, cause for maternal virilization (Jewelewicz et al.), 24
Lymph node metastasis, invasive carcinoma of vulva with (Collins, Lee, and Roman-Lopez), 446
Lymphocyte reaction in mixed wife-husband leukocyte cultures in relation to infertility (Ohama and Kadotani), 477
transformation, in vitro, effect of human chorionic gonadotropin on (Kaye and Jones), 1029

M

Magnesium sulfate, effect of, on anoxia and resuscitation in neonate (Dunne, Milligan, and Thomas), 369
Malignancies, ovarian and cervical, antigenicity of, with view toward possible immunodiagnosis (Levi), 689
Malignant trophoblast, human normal and, in rats, propagation and hormone production by, choriocarcinoma in Millipore diffusion chambers in rats (Kurz), 1058
normal trophoblast from term human placentas in Millipore diffusion chambers (Kurz), 1049
Maternal acid-base status during cesarean section under thiopental, N_2O, and succinylcholine anesthesia (Kalappa et al.), 411
cardiovascular system, fetal heart rate, acid-base balance, and uterine contractility during labor, action of orciprenaline on (Zilianti and Aller), 1073 (Current investigation)
fetal-, pH differences, observations on fetal heart rate and fetal biochemistry (Khazin and Hon), 432
and fetal sheep, some effects of meperidine hydrochloride on (Jenkins and Dilts), 1005
folate deficiency and pregnancy wastage, effects of folic acid supplements, anticonvulsants, and oral contraceptives (Pritchard, Scott, and Whalley), 341
human chorionic somatomammotropin and maternal and fetal growth hormone plasma concentrations during labor, correlation of gestational age with (Cramer, Beck, and Makowski), 649
hyperoxia, effects of, on fetus, oxygen tension (Khazin, Hon, and Hehre), 628
hyperventilation, simulated, effects of, on umbilical vein (Berry and Mitchell), 20
plasma, reduced, and urinary estriol during ampicillin treatment (Willman and Pulkkinen), 893
state, fetal weight, and fetal survival, relationship between, toxemia of pregnancy (Hendricks and Brenner), 225
virilization, luteomas of pregnancy as cause for (Jewelewicz et al.), 24
Maternity service, regional, development of (Stallworthy), 285
Meconium staining, hyperbilirubinemia in late pregnancy and its correlation with (Willoughby et al.), 383
Medium, Thayer-Martin culture, sensitivity and reproducibility of, in diagnosing gonorrhea in women (Caldwell et al.), 463
Membranes, fetal, placenta and, of baboon, fine structure of (Wynn, Panigel, and MacLennan), 638

Menarche, age at, and related events at puberty, congenital adrenal hyperplasia (Jones and Verkauf), 292
Menopausal, post-, women, castrated, effect of human chorionic gonadotropin on (Poliak, Jones, and Woodruff), 555
Menopause, pregnancy, and lactation, gonadotropin-inhibiting factor in (Brambilla and Sirtori), 599
Menstrual cycle, sodium space and electrolyte excretion during (Michelakis, Stant, and Brill), 150
human, regulation of (Speroff and Vande Wiele), 234
Mental retardation and other parameters of development, perinatal factors and their relationship to (Muller et al.), 1197
Meperidine hydrochloride, some effects of, on maternal and fetal sheep (Jenkins and Dilts), 1005
Metabolic acidosis, role of fetal heart rate patterns in recognition of fetal asphyxia with (Low, Boston, and Pancham), 922
activity, hepatic, related to reproduction (Hall et al.), 744
Metabolism, carbohydrate, in pregnancy (Mestman, Anderson, and Barton), 41
in primate fetus (Little, Nasser, and Spellacy), 732
fetal, and placental transfer of diazepam in early human pregnancy (Idänpään-Heikkilä et al.), 1011
hepatic, effect of ovarian steroids on, estrogens (Fahim, Hall, and Jones), 558
Metals, intrauterine, contraception through use of, copper as adjunct to "T" device (Zipper et al.), 771 (Current investigation)
Metastasis, lymph node, invasive carcinoma of vulva with (Collins, Lee, and Roman-Lopez), 446
Methotrexate, hormones, and dactinomycin, effects of, on benign trophoblast (Koide, Aoki, and Hreshchyshyn), 453
Michigan, state of, indirect obstetric deaths in, 1960—1968 (Visscher and Visscher), 1187
Midwives, nurse-, reducing neonatal mortality rate with (Levy et al.), 50
Millipore diffusion chambers, normal trophoblast from term human placentas in, propagation and hormone production by human normal and malignant trophoblast in rats (Kurz), 1049
in rats, choriocarcinoma in, propagation and hormone production by human normal and malignant trophoblast in rats (Kurz), 1058
Monitoring, central venous pressure, hazards of, pericardial tamponade (Homesley and Zelenik), 1216 (Comm. in brief)
fetal, in private hospital (Goddard), 1145
Monophosphate, adenosine (AMP), cyclic, mode of action of, as contraceptive (Pearse and McClurg), 724
Mortality rate, neonatal, reducing with nurse-midwives (Levy et al.), 50
Mother, production of fetal asphyxia in rhesus monkey by administration of catecholamines to (Adamsons, Mueller-Heubach, and Myers), 248
Mucus, cervical, simplified technique for evaluation of biophysical properties of (Davajan, Nakamura, and Mishell), 1042
Myometrial response, in vivo human, to withdrawal of estrogen and progestins in nonpregnant state (Moawad), 359

N

Narcotic addiction in pregnancy (Stone et al.), 716
Needle biopsy of pelvic peritoneum, preliminary report (Polak et al.), 1215 (Comm. in brief)
Neonatal elimination of diphenylhydantoin, placental transfer and (Mirkin), 930
mortality rate, reducing with nurse-midwives (Levy et al.), 50
Neonate(s), effect of labor and mode of delivery on immunoglobulin concentrations in (Yang et al.), 78
Neonate, effect of—Cont'd
magnesium sulfate on anoxia and resuscitation in (Dunne, Milligan, and Thomas), 369
persistence of donor cells in, after fetal and exchange transfusion (Hutchinson, Turner, and Schlesinger), 281
Neoplastic, anti-, agents, amenorrhea in patients with Hodgkin's disease treated with (Sobrinho, Levine, and DeConti), 135
Nerves, uterine adrenergic, recovery of transmitter content in, after pregnancy (Gårdmark, Owman, and Sjöberg), 997
N_2O, thiopental, and succinylcholine anesthesia, maternal acid-base status during cesarean section under (Kalappa et al.), 411
Node metastasis, lymph, invasive carcinoma of vulva with (Collins, Lee, and Roman-Lopez), 446
Norethindrone, continuous, 0.35 mg., as oral contraceptive agent (Board), 531
Norethynodrel, ^3H-, distribution and uptake of radioactivity in rat tissues after a single injection and constant infusion of (Laumas, Malkani, and Laumas), 457
Normotensive women, effect of estrogens and progestins on blood pressure regulation of (von Eiff et al.), 887
Nucleotide nature of vasoreactive substance from human placenta (Ryan, Coronel, and Mishra), 59
Nurse-midwives, reducing neonatal mortality rate with (Levy et al.), 50
Nutritional deprivation, prolonged, in pregnancy, changes in human chorionic somatomammotropin and growth hormone secretion (Tyson, Austin, and Farinholt), 1080 (Current investigation)

O

Obstetric(s) deaths, indirect, in state of Michigan 1960—1968 (Visscher and Visscher), 1187
features of thanatophoric dwarfism (Thompson and Parmley), 396
and gynecology, current cancer chemotherapy in (Bloomfield), 487 (Current developments)
first year of residency program in (Taylor, Makowski, and Dean), 699
quality and qualitity in specialty of (Barnes), 203
Obstetrician, X chromosome abnormalities and (Harris and Robinson), 574
Operation(s), complete, endometriosis (Ranney), 1137
neglected, ovarian cystectomy (Israel), 307
Oral contraceptive(s) agent, continuous norethindrone, 0.35 mg., as (Board), 531
antithrombin III depression and thrombin generation acceleration in women taking (von Kaulla et al.), 868
effect of, on human endometrium in cluture (Csermely, Hughes, and Demers), 1066
folic acid supplements, and anticonvulsants, effects of, maternal folate deficiency and pregnancy wastage (Pritchard, Scott, and Whalley), 341
pregnancy outcome following (Robinson), 354
Orciprenaline, action of, on uterine contractility during labor, maternal cardiovascular system, fetal heart rate, and acid-base balance (Zilianti and Aller), 1073 (Current investigation)
Ova, searches for, in human uterus and tubes, clinical and laboratory data on nine successful searches for human ova (Clewe et al.), 313
Ovarian carcinoma—Perspective for the 70's (Drukker and Hodgkinson), 825
and cervical malignancies, antigenicity of, with view toward possible immunodiagnosis (Levi), 689
cystectomy, neglected operation (Israel), 307
steroids, effect of, on hepatic metabolism, estrogens (Fahim, Hall, and Jones), 558

XUM

Ovarian—Cont'd
and/or uterine tumors weighing 25 pounds or more (Beacham et al.), 1153
vein thrombophlebitis, puerperal, a syndrome (Brown and Munsick), 263
Ovariectomized and nonovariectomized mice, maintenance of pregnancy in, as index of progesterone: steroid synergism and antagonism (Forbes), 584
Ovary, psammoma bodies in serous carcinoma of (Aure, Høeg, and Kolstad), 113
Ovulation in women, influence of copulation on time of (Clark and Zarrow), 1083 (Current opinion)
Oxygen consumption of endometrial adenocarcinoma (Alvarez, Okagaki, and Richart), 874
tension, effects of maternal hyperoxia on fetus (Khazin, Hon, and Hehre), 628
Oxygenation, fetal, effect of estrogen on (Curet), 421
Oxytocin, degradation of, by human placental tissue (Branda and Ferrier), 943

P

Pain, pelvic, and chronic pelvic congestion (Allen), 198
Paroxysmal atrial tachycardia, intrauterine (Tuxen, Kaplan, and Ueland), 958 (Comm. in brief)
Partum (post-) insertion, immediate, of new intrauterine contraceptive device (Rashbaum and Wallach), 1003
Pearl Harbor + 268 days (Trail and Borst), 1086 (Current opinion)
Pelvic congestion, chronic, and pelvic pain (Allen), 198
exenterative therapy in recurrent pelvic carcinoma (Morley, Lindenauer, and Cerny), 1175
peritoneum, needle biopsy of, preliminary report (Polak et al.), 1215 (Comm. in brief)
Perfused human fetal ductus arteriosus, studies of pharmacology of (McMurphy and Boréus), 937
Pericardial tamponade, hazards of central venous pressure monitoring (Homesley and Zelenik), 1216 (Comm. in brief)
Perinatal factors and their relationship to mental retardation and other parameters of development (Muller et al.), 1197
Peritoneum, pelvic, needle biopsy of, preliminary report (Polak et al.), 1215 (Comm. in brief)
pH differences, fetal-maternal, observations on fetal heart rate and fetal biochemistry (Khazin and Hon), 432
Pharmacology of perfused human fetal ductus arteriosus, studies on (McMurphy and Boréus), 937
Pheochromocytoma masquerading as pre-eclamptic toxemia (El-Minawi et al.), 389
Physiology of breast as it concerns the clinician (Haagensen), 206
Pigment, fetal, further studies on (Bernstine, Gorman, and Rice), 1222 (Comm. in brief)
Pill, hypertension, and toxemias of pregnancy (Laragh), 210
-a-month contraceptive steroid administration, plasma lipid and lipoprotein changes during (Sachs and Wolfman), 155 (Current investigation)
on trial (Kistner), 1118
Pituitary gonadotropin and clomiphene citrate, use of, in successive pregnancies, Sheffield quadruplets (Atlay and Pennington), 402
Placenta(s) fetal membranes of baboon, fine structure of (Wynn, Panigel, and MacLennan), 638
and gestational serum, electrophoretic characterization of glucose dehydrogenase, β-glucuronidase, and N-acetyl-β-glucosaminidase from (Huddleston, Lee, and Robinson), 1017
human, autoradiographic study of "X cells" in (Kim and Benirschke), 96
nucleotide nature of vasoreactive substance from (Ryan, Coronel, and Mishra), 59
Placenta(s)—Cont'd
mouse, ultrastructure of deciduotrophoblastic interface of (Martinek), 424
retained, following term abdominal pregnancy diagnosed by angiography (Smulewicz et al.), 1220 (Comm. in brief)
term human, normal trophoblast from, in Millipore diffusion chambers, propagation and hormone production by human normal and malignant trophoblast in rats (Kurz), 1049
whole organ section of, serial estimation of human placental lactogen, estriol, and pregnanediol in pregnancy correlated with (Samaan et al.), 63
Placentae, abruptio, intravascular coagulation in (Sutton et al.), 604
Placental and fetal body weights, regulatory effect of estrogens on fetal growth (Abdul-Karim et al.), 656
growth, cellular changes during (Winick), 166 (Current developments)
lactogen, human, effects of immunization with, on reproduction in female rabbits (El Tomi, Crystle, and Stevens), 74
estriol, and pregnanediol in pregnancy, serial estimation of, correlated with whole organ section of placenta (Samaan et al.), 63
polyps, inquiry into etiology of (Dyer and Bradburn), 858
tissue, human, degradation of oxytocin by (Branda and Ferrier), 943
and fetal metabolism of diazepam in early human pregnancy (Idänpään-Heikkilä et al.), 1011
and neonatal elimination of diphenylhydantoin (Mirkin), 930
Planning, family, comes of age (Hellman), 214
Plasma ascorbic acid levels in pregnancy (Mason and Rivers), 960 (Comm. in brief)
concentrations, maternal and fetal growth hormone, during labor, correlation of gestational age with maternal human chorionic somatomammotropin and (Cramer, Beck, and Makowski), 649
human pregnancy urine, and amniotic fluid, radioimmunoassay for estrogens in (Gurpide et al.), 897
lipid and lipoprotein changes during "pill-a-month" contraceptive steroid administration (Sachs and Wolfman), 155 (Current investigation)
progesterone and competitive protein binding assay (Reeves and Diczfalusy), 775 (Current opinion)
levels and uterine contractility in the nonpregnant woman (Gibor et al.), 542
reduced maternal, and urinary estriol during apicillin treatment (Willman and Pulkkinen), 893
Polyps, placental, inquiry into etiology of (Dyer and Bradburn), 858
Postpartum insertion, immediate, of new intrauterine contraceptive device (Rashbaum and Wallach), 1003
Potassium therapy, symptoms and weight changes related to, premenstrual tension (Reeves, Garvin, and McElin), 1036
Precipitation technique, alcohol, in radioimmunoassay for luteinizing and follicle-stimulating hormones (Kazeto, Sansone, and Hreshchyshyn), 952 (Comm. in brief)
Pre-eclamptic toxemia, pheochromocytoma masquerading as (El-Minawi et al.), 389
Pregnancy(ies), carbohydrate metabolism in (Mestman, Anderson, and Barton), 41
colposcopy in management of abnormal cervical smears in (Ortiz and Newton), 46
early human, placental transfer and fetal metabolism of diazepam in (Idänpään-Heikkilä et al.), 1011
estrogen excretion during, in high-risk population (Osofsky et al.), 1

Pregnancy(ies)—Cont'd
high-risk, value of human chorionic somatomammotropin in managing (Spellacy et al.), 588
human placental lactogen, estriol, and pregnanediol in, serial estimation of, correlated with whole organ section of placenta (Samaan et al.), 63
hypernephroma complicating (Ojo et al.), 950 (Comm. in brief)
lactation, and menopause, gonadotropin-inhibiting factor in (Brambilla and Sirtori), 599
late, hyperbilirubinemia in, and its correlation with meconium staining (Willoughby et al.), 383
lithium carbonate therapy during, apparent lack of effect upon the fetus (Silverman, Winters, and Strande), 934
luteomas of, cause for maternal virilization (Jewelewicz et al.), 24
maintenance of, in ovariectomized and nonovariectomized mice as index of progesterone:steroid synergism and antagonism (Forbes), 584
narcotic addiction in (Stone et al.), 716
new method concerning detection of early edema during (Tarján and Horváth), 918
normal and abnormal, free fatty acid determinations in (Dražančić and Stavlenić), 666 (Comm. in brief)
serum immunoglobulin concentrations during (Maroulis, Buckley, and Younger), 971
outcome following oral contraceptives (Robinson), 354
plasma ascorbic acid levels in (Mason and Rivers), 960 (Comm. in brief)
prolonged nutritional deprivation in, changes in human chorionic somatomammotropin and growth hormone secretion (Tyson, Austin, and Farinholt), 1080 (Current investigation)
prozone phenomenon in direct agglutination test for (McIsaac and Karnauchow), 1212 (Comm. in brief)
recovery of transmitter content in urine adrenergic nerves after (Gårdmark, Owman, and Sjöberg), 997
relationship between elevated blood pressure and urinary estriols during (MacLeod, Mitton, and Avery), 375
serum copper and ceruloplasmin in (Burrows and Pekala), 907
profile, circadian urinary excretion, and clearance values in, radioimmunoassay of human chorionic gonadotropin (Crosignani, Brambati, and Nencioni), 985
successive, use of clomiphene citrate and pituitary gonadotropin in, Sheffield quadruplets (Atlay and Pennington), 402
term abdominal, retained placenta following, diagnosed by angiography (Smulewicz et al.), 1220 (Comm. in brief)
thrombophlebitis associated with (Aaro and Juergens), 1128
toxemia(s) of, pill, and hypertension (Laragh), 210
relationship between fetal weight, fetal survival, and the maternal state (Hendricks and Brenner), 225
urine, human, plasma, and amniotic fluid, radioimmunoassay for estrogens in (Gurpide et al.), 897
wastage, maternal folate deficiency and, effects of folic acid supplements, anticonvulsants, and oral contraceptives (Pritchard, Scott, and Whalley), 341
Pregnanediol, human placental lactogen, and estriol in pregnancy, serial estimation of, correlated with whole organ section of placenta (Samaan et al.), 63
Pregnant, non-, ewe, effect of estrogen and progesterone on uptake of amino acids by uterus of (Curet and Caton), 548
state, in vivo human myometrial response to withdrawal of estrogen and progestins in (Moawad), 359
woman, uterine contractility and plasma progesterone levels in (Gibor et al.), 542
rhesus monkey, innocuousness of amniotic fluid infusion in (Adamsons, Mueller-Heubach, and Myers), 977
women, heparinoid-induced inhibition of aldosterone secretion in (Ehrlich), 963
Premenstrual tension, symptoms and weight changes related to potassium therapy (Reeves, Garvin, and McElin), 1036
Pressure, elevated blood, and urinary estriols, relationship between, during pregnancy (MacLeod, Mitton, and Avery), 375
monitoring, central venous, hazards of, pericardial tamponade (Homesley and Zelenik), 1216 (Comm. in brief)
regulation, blood, of normotensive women, effect of estrogens and progestins on (von Eiff et al.), 887
Problem, part of, or part of solution? (Wulff), 1105
Progesterone, blood, studies on level of, th oughout course of labor (Ances, Hisley, and Haskins), 36
estrogen and, effect of, on uptake of amino acids by uterus of nonpregnant ewe (Curet and Caton), 548
intrauterine, antifertility effects of, in the rabbit (Seshadri, Gibor, and Scommegna), 536
levels, plasma, and uterine contractility in the nonpregnant woman (Gibor et al.), 542
plasma, and competitive protein binding assay (Reeves and Diczfalusy), 775 (Current opinion)
:steriod synergism and antagonism, maintenance of pregnancy in ovariectomized and nonovariectomized mice as index of (Forbes), 584
Progestins and estrogens, effect of, on blood pressure regulation of normotensive women (von Eiff et al.), 887
in vivo human myometrial response to withdrawal of, in nonpregnant state (Moawad), 359
Propionate, topical testosterone, treatment of vulvar dystrophies with (Zelle), 570
Protein binding assay, competitive plasma progesterone and (Reeves and Diczfalusy), 775 (Current opinion)
Prozone phenomenon in direct agglutination test for pregnancy (McIsaac and Karnauchow), 1212 (Comm. in brief)
Psammoma bodies in serous carcinoma of ovary (Aure, Høeg, and Kolstad), 113
Puberty, related events at, and age at menarche, congenital adrenal hyperplasia (Jones and Verkauf), 292
Pubis, chin-to-, rotation, arrest of after-coming head in breech birth caused by (Gerber), 418
Puerperal ovarian vein thrombophlebitis, a syndrome (Brown and Munsick), 263
Pyometra, a reappraisal (Whitely and Hamlett), 108

Q

Quadruplets, Sheffield, use of clomiphene citrate and pituitary gonadotropin in successive pregnancies (Atlay and Pennington), 402

R

Radiation sensitivity of intraepithelial carcinoma of the cervix (Bergsjø and Evans), 879
Radioactive estradiol accumulation in endometriosis of rhesus monkey (Eisenfeld, Gardner, and van Wagenen), 124
Radioactivity, distribution and uptake of, in rat tissues after a single injection and constant infusion of ^{3}H-norethynodrel (Laumas, Malkani, and Laumas), 457
Radioimmunoassay for estrogens in human pregnancy urine, plasma, and amniotic fluid (Gurpide et al.), 897

XUM

Radioimmunoassay—Cont'd
of human chorionic gonadotropin, serum profile, circadian urinary excretion, and clearance values in pregnancy (Crosignani, Brambati, and Nencioni), 985
for luteinizing and follicle-stimulating hormones, alcohol precipitation technique in (Kazeto, Sansone, and Hreshchyshyn), 952 (Comm. in brief)
Rate patterns, fetal heart, role of, in recognition of fetal asphyxia with metabolic acidosis (Low, Boston, and Pancham), 922
Recurrent pelvic carcinoma, pelvic exenterative therapy in (Morley, Lindenauer, and Cerny), 1175
Renal transplant recipient, immunosuppressed primary carcinoma of cervix appearing in (Tallent, Simmons, and Najarian), 663 (Comm. in brief)
Reproduction in female rabbits, effects of immunization with human placental lactogen on (El Tomi, Crystle, and Stevens), 74
hepatic metabolic activity related to (Hall et al.), 744
Reproductive trends, changing, research in delivery of health care (Held and Prystowsky), 32
Residency program in obstetrics and gynecology, first year of (Taylor, Makowski, and Dean), 699
Respiratory distress syndrome, diagnosis of, by amniocentesis (Gluck et al.), 440
Resuscitation and anoxia in neonate, effect of magnesium sulfate on (Dunne, Milligan and Thomas), 369
Retardation, development and, of 4-year-old progeny of euthyroid and of hypothyroxinemic women, thyroid function in human pregnancy (Man, Holden, and Jones), 12
experimental intrauterine growth, in the rat, hepatic gluconeogenesis and lipogenesis in (Nitzan and Groffman), 623
intrauterine growth (Lugo and Cassady), 615
mental, and other parameters of development, perinatal factors and their relationship to (Muller et al.), 1197
Roster, 179
Rotation, chin-to-pubis, arrest of after-coming head in breech birth caused by (Gerber), 418

S

Secretion, aldosterone, heparinoid-induced inhibition of, in pregnant women (Ehrlich), 963
growth hormone, human chorionic somatomammotropin and, changes in, prolonged nutritional deprivation in pregnancy (Tyson, Austin, and Farinholt), 1080 (Current investigation)
Section, cesarean, under thiopental, N_2O, and succinylcholine anesthesia, maternal, acid-base status during (Kalappa et al.), 411
of placenta, whole organ, serial estimation of human placental lactogen, estriol, and pregnanediol in pregnancy correlated with (Samaan et al.), 63
Sepsis, advanced clostridial, complicating abortion, diagnosis and acute management of patients with (Eaton and Peterson), 1162
Sequential contraceptive, lipoprotein lipase and postheparin esterase activity and postheparin increase in free fatty acids after short-term administration of (Fabian et al.), 1212 (Comm. in brief)
Serous carcinoma of ovary, psammoma bodies in (Aure, Høeg, and Kolstad), 113
Serum copper and ceruloplasmin in pregnancy (Burrows and Pekala), 907
immunoglobulin concentrations during normal pregnancy (Maroulis, Buckley, and Younger), 971
luteinizing hormone, effect of varying dosages of ethynodiol diacetate upon (Mishell and Odell), 140
Serum—Cont'd
placenta and gestational, electrophoretic characterization of glucose dehydrogenase, β-glucuronidase, and N-acetyl-β-glucosaminidase from (Huddleston, Lee, and Robinson), 1017
profile, circadian urinary excretion, and clearance values in pregnancy, radioimmunoassay of human chorionic gonadotropin (Crosignani, Brambati, and Nencioni), 985
Sexual assault on women and girls (Hayman and Lanza), 480 (Current opinion)
Shwartzman reaction, generalized, modification of, by therapeutic agents (Nasu, Latour, and McKay), 991
Smear(s), abnormal cervical, colposcopy in management of, in pregnancy (Ortiz and Newton), 46
sponge-cytocylinder (Yokoyama et al.), 119
Sodium space and electrolyte excretion during menstrual cycle (Michelakis, Stant, and Brill), 150
Solution, part of, or part of problem? (Wulff), 1105
Somatomammotropin, human chorionic, and growth hormone secretion, changes in, prolonged nutritional deprivation in pregnancy (Tyson, Austin, and Farinholt), 1080 (Current investigation)
value of, in managing high-risk pregnancies (Spellacy et al.), 588
maternal human chorionic, and maternal and fetal growth hormone plasma concentrations during labor, correlation of gestational age with (Cramer, Beck, and Makowski), 649
Sound during labor, human fetal brain response to (Scibetta et al.), 82
and vibration, human fetal heart rate change and movement in response to (Grimwade et al.), 86
Sponge-cytocylinder smear (Yokoyama et al.), 119
Staining, meconium, hyperbilirubinemia in late pregnancy and its correlation with (Willoughby et al.), 383
Steroid(s) administration, "pill-a-month" contraceptive, plasma lipid and lipoprotein changes during (Sachs and Wolfman), 155 (Current investigation)
ovarian, effect of, on hepatic metabolism, estrogens (Fahim, Hall, and Jones), 558
progesterone:, synergism and antagonism, maintenance of pregnancy in ovariectomized and nonovariectomized mice as index of (Forbes), 584
Succinylcholine, thiopental, and N_2O anesthesia, maternal acid-base status during cesarean section under (Kalappa et al.), 411
Sulfate, magnesium, effect of, on anoxia and resuscitation in neonate (Dunne, Milligan, and Thomas), 369
Syndrome, puerperal ovarian vein thrombophlebitis (Brown and Munsick), 263
respiratory distress, diagnosis of, by amniocentesis (Gluck et al.), 440
Synergism and antagonism, progesterone:steroid, maintenance of pregnancy in ovariectomized and nonovariectomized mice as index of (Forbes), 584

T

"T" device, copper as adjunct to, contraception through use of intrauterine metals (Zipper et al.), 771 (Current investigation)
Tachycardia, intrauterine paroxysmal atrial (Tuxen, Kaplan, and Ueland), 958 (Comm. in brief)
Tamponade, pericardial, hazards of central venous pressure monitoring (Homesley and Zelenik), 1216 (Comm. in brief)
Taylor, Dr. Howard C.—Developer of friendship and amity (Hasegawa), 193
Editor, organizer, leader, and man (Antoine), 188
His friendship and his contribution to the development of international relationship (Purandare), 189
An international entity (Di Paola), 191
Publisher's Tribute, 187

Tension, oxygen, effects of maternal hyperoxia on fetus (Khazin, Hon, and Hehre), 628
premenstrual, symptoms and weight changes related to potassium therapy (Reeves, Garvin, and McElin), 1036
Test, direct agglutination, for pregnancy, prozone phenomenon in (McIsaac and Karnauchow), 1212 (Comm. in brief)
Testosterone propionate, topical, treatment of vulvar dystrophies with (Zelle), 570
Thayer-Martin culture medium, sensitivity and reproducibility of, in diagnosing gonorrhea in women (Caldwell et al.), 463
Thanatophoric dwarfism, obstetric features of (Thompson and Parmley), 396
Therapeutic abortion, prospective study (Brody, Meikle, and Gerritse), 347
Therapy, lithium carbonate, during pregnancy, apparent lack of effect upon the fetus (Silverman, Winters, and Strande), 934
Thiopental, N_2O, and succinylcholine anesthesia, maternal acid-base status during cesarean section under (Kalappa et al.), 411
Thrombin generation acceleration, antithrombin-III depression and, in women taking oral contraceptives (von Kaulla et al.), 868
Thrombophlebitis associated with pregnancy (Aaro and Juergens), 1128
puerperal ovarian vein, a syndrome (Brown and Munsick), 263
Thyroid function in human pregnancy, development and retardation of 4-year-old progeny of euthyroid and of hypothyroxinemic women (Man, Holden, and Jones), 12
Tissue(s), human placental, degradation of oxytocin by (Branda and Ferrier), 943
rat, distribution and uptake of radioactivity in, after a single injection and constant infusion of ^{3}H-norethynodrel (Laumas, Malkani, and Laumas), 457
Topical testosterone propionate, treatment of vulvar dystrophies with (Zelle), 570
Toxemia(s), pre-eclamptic, pheochromocytoma masquerading as (El-Minawi et al.), 389
of pregnancy, pill, and hypertension (Laragh), 210
relationship between fetal weight, fetal survival, and the maternal state (Hendricks and Brenner), 225
Transactions of eighty-first annual meeting of American Association of Obstetricians and Gynecologists, 671-770
continued, 825-867
of thirty-eighth annual meeting, Central Association of Obstetricians and Gynecologists, 1105-1210
of twenty-sixth annual meeting of Society of Obstetricians and Gynaecologists of Canada, 341-388
Transfusion, fetal and exchange, persistence of donor cells in neonates after (Hutchinson, Turner, and Schlesinger), 281
Transmitter content in uterine adrenergic nerves, recovery of, after pregnancy (Gårdmark, Owman, and Sjöberg), 997
Transplant recipient, immunosuppressed renal, primary carcinoma of cervix appearing in (Tallent, Simmons, and Najarian), 663 (Comm. in brief)
Transplantation antigen pretreatment, prolonged survival of heterografted human endometrium with (Laguens et al.), 131
Trophoblast, benign, effects of hormones, methotrexate, and dactinomycin on (Koide, Aoki, and Hreshchyshyn), 453
human normal and malignant, in rats, propagation and hormone production by, choriocarcinoma in Millipore diffusion chambers in rats (Kurz) 1058
normal trophoblast from term human placentas in Millipore diffusion chambers in rats (Kurz), 1049
Trophoblast—Cont'd
in vitro antigenicity of (Douthwaite and Urbach), 1023
Trophoblastic disease, gestational (Brewer et al.), 335
Tubes, human uterus and, searches for ova in, clinical and laboratory data on nine successful searches for human ova (Clewe et al.), 313
Tumors, germ cell, associated with XY gonadal dysgenesis (Schellhas et al.), 1197
uterine and/or ovarian, weighing 25 pounds or more (Beacham et al.), 1153

U

Ultrasonic localization of the IUCD, new technique (Nemes and Kerenyi), 1219 (Comm. in brief)
Umbilical vein, effects of simulated maternal hyperventilation on (Berry and Mitchell), 20
Ureterovaginal fistula (Lee and Symmonds), 1032
Urinary estriol(s) and elevated blood pressure, relationship between, during pregnancy (MacLeod, Mitton, and Avery), 375
reduced maternal plasma and, during ampicillin treatment (Willman and Pulkkinen), 893
excretion, circadian, serum profile, and clearance values in pregnancy, radioimmunoassay of human chorionic gonadotropin (Crosignani, Brambati, and Nencioni), 985
human pregnancy, plasma, and amniotic fluid, radioimmunoassay for estrogens in (Gurpide et al.), 897
Uterine activity and fetal acid-base state of rhesus monkey, effect of ethanol upon (Horiguchi et al.), 910
adrenergic nerves, recovery of transmitter content in, after pregnancy (Gårdmark, Owman, and Sjöberg), 997
bleeding, dysfunctional, relation of endometrial histology to outcome (Nedoss), 103
contractility during labor, maternal cardiovascular system, fetal heart rate, and acid-base balance, action of orciprenaline on (Zilianti and Aller), 1073 (Current investigation)
and plasma progesterone levels in the nonpregnant woman (Gibor et al.), 542
and/or ovarian tumors weighing 25 pounds or more (Beacham et al.), 1153
Uterus of nonpregnant ewe, effect of estrogen and progesterone on uptake of amino acids by (Curet and Caton), 548
and tubes, human, searches for ova in, clinical and laboratory data on nine successful searches for human ova (Clewe et al.), 313

V

Vascular, intra-, coagulation in abruptio placentae (Sutton et al.), 604
Vasoreactive substance from human placenta, nucleotide nature of (Ryan, Coronel, and Mishra), 59
Vein thrombophlebitis, puerperal ovarian, a syndrome (Brown and Munsick), 263
umbilical, effects of simulated maternal hyperventilation on (Berry and Mitchell), 20
Venous pressure monitoring, central, hazards of, pericardial tamponade (Homesley and Zelenik), 1216 (Comm. in brief)
Vibration, sound and, human fetal heart rate change and movement in response to (Grimwade et al.), 86
Viral recovery from amniocentesis fluid, intrauterine diagnosis of cytomegalovirus infection (Davis et al.), 1217 (Comm. in brief)
Virilization, maternal, luteomas of pregnancy as cause for (Jewelewicz et al.), 24
Vulva, invasive carcinoma of, with lymph node metastasis (Collins, Lee, and Roman-Lopez), 446

XUM

Vulvar dystrophies, treatment of, with topical testosterone propionate (Zelle), 570

W

Weight(s) changes, symptoms and, related to potassium therapy, premenstrual tension (Reeves, Garvin, and McElin), 1036
fetal, fetal survival, and the maternal state, relationship between, toxemia of pregnancy (Hendricks and Brenner), 225
placental and fetal body, regulatory effect of estrogens on fetal growth (Abdul-Karim et al.), 656

X

"X cells" in human placenta, autoradiographic study of (Kim and Benirschke), 96
chromosome abnormalities and the obstetrician (Harris and Robinson), 574
XO/XY fragment gonadal dysgenesis, gonadoblastoma occurring in a female with (Fahim, Hall, and Jones), 558
XY female (Dewhurst), 675
gonadal dysgenesis, germ cell tumors associated with (Schellhas et al.), 1197

A

Abortion, aspiration, without cervical dilation (Goldsmith and Margolis), 580 (Current investigation)
induced, in New York City (Hall), 601
midtrimester, complications of amnioinfusion with hypertonic saline for (Goodlin), 885 (Comm. in brief)
spontaneous, role in Rh immunization (Queenan, Gadow, and Lopes), 128 (Comm. in brief)
therapeutic, attitudes of medical personnel leading to complications in patient care (Wolff, Nielson, and Schiller), 730 (Current opinion)
follow-up study (Margolis et al.), 243
vaginal hysterectomy as modality for (Laufe and Kreutner), 1096
Adenocarcinoma arising within cervical endometriosis and invading adjacent vagina (Chang and Maddox), 1015 (Comm. in brief)
of endometriosis of ovary: case report (Mabry), 783
Adenofibroma, papillary, of uterine cervix (Abell), 990
Adenomatous hyperplasia of endometrium associated with delayed manifestation of estrogen which produced ovarian tumor: case report (Hunter), 782
Adenomyosis, clinical and pathologic appraisal (Molitor), 275
Amenorrhea, post-pill and pill-related (Gambrell, Greenblatt, and Mahesh), 838
American births, 3 patterns of seasonality of (Lyster), 1025 (Current opinion)
Amine, sympathomimetic (ritodrine), relaxant action of, on uterus during term labor (Landesman et al.), 111 (Current investigation)
Aminophylline, inhibition of uterine motility by (Coutinho and Lopes), 726 (Current investigation)
Aminoinfusion with hypertonic saline for midtrimester abortion, complications of (Goodlin), 885 (Comm. in brief)
Amnion, human, in vitro, hexosamines and their biosynthesis in (Mazurkiewicz-Kilczewska), 355
prenatal intrusion into (Fort), 432 (Current developments)
Amniotic fluid, creatinine content of, in cases of retarded fetal growth (Moore, Murphy, and Davis), 908
estriol levels at delivery at high altitude (Sobrevilla, Romero, and Kruger), 596 (Comm. in brief)
metheme-contaminated, diagnosis of fetal hemolytic disease by chemical test in case with (Kapitulnik, Schenker, and Blondheim), 62
of rats with obstructive jaundice, bilirubin in (Willoughby et al.), 663
transfer of radioactive iodopyracet from fetus into, after tracheal ligation (Reynolds, Pitkin, and Hodari), 566
volume (Smith), 166
Androgen production, long-term effect of wedge resection on, in case of polycystic ovarian disease (Judd, Barnes, and Kliman), 1061
Anesthesia, continous epidural, intrauterine fetal lidocaine concentrations during (Fox et al.), 896
Anesthetic management for fetal operation in subhuman primate (Morishima et al.), 926
Apnea and heart rate patterns in newborn infants (Välimäki and Tarlo), 343
Arterial pressure, changes in, following operation, effects of progesterone on (Burstyn, Lloyd, and Horrobin), 994
Arteries, isolated human uterine, responses to vasoactive drugs (Gough and Dyer), 625
Ascites, dynamics of body fluids following rapid removal of large volumes of (Halpin and McCann), 103
Asphyxia, brain damage during, new approaches to preventing (Miller), 1125
Aspiration abortion without cervical dilation (Goldsmith and Margolis), 580 (Current investigation)

B

Bacteriuria, significant, evaluation of first morning urine to detect (Czerwinski et al.), 42
further evaluation of Griess test to detect (Czerwinski et al.), 677
Ballantyne and triple edema (Kaiser), 115 (Current opinion)
Bilirubin in amniotic fluid of rats with obstructive jaundice (Willoughby et al.), 663
Birth cries of newborn infants from narcotic-addicted and normal mothers, variations in (Blinick, Tavolga, and Antopol), 948
Births, American, 3 patterns of seasonality of (Lyster), 1025 (Current opinion)
Bladder, urinary, vagina from (Carmichael) 130 (Comm. in brief)
Blastocysts, rabbit, uteroglobin and serum proteins of, as affected by maternal factors (Hamana and Hafez), 572
Blood, cord and maternal venous, estriol levels at delivery at high altitude (Sobrevilla, Romero, and Kruger), 596 (Comm. in brief)
exchange transfusion, maternal-fetal, in fetal lambs, effects of (Kirschbaum, Brinkman, and Assali), 190
fibrinolysis of oral contraceptive low in progestin (Ovulen) (Sobrero, Brakman, and Astrup), 122 (Comm. in brief)
flow, maternal placental and myometrial, of rhesus monkey during uterine contractions (Lees et al.), 68
plasma, guinea pig maternal and fetal, protein binding of calcium and strontium in (Twardock et al.), 1008 (Current investigation)
Rh-positive, prevention of Rh immunization after transfusion with (McElrath and Ascari), 309
sampling, fetal scalp, complications of (Nelson et al.), 737 (Comm. in brief)
transfusion, intrauterine, neurologic and psychometric follow-up study of Rh-erythroblastotic infants requiring (Oh et al.), 330
viscosity, effect on, of oral contraceptives (Aronson, Magora, and Schenkar), 997
Boards, licensing and certification, role in continuing medical education (McNulty), 268
Books received 600, 890, 1150
Brain damage during asphyxia, new approaches to preventing (Miller), 1125
Breech delivery (Helfferich and Favier), 58
Burns, pregnant patients with (Schmitz), 57

C

Calcium levels in cord sera in progeny of mothers treated with magnesium sulfate for toxemia of pregnancy (Savory and Monif), 556
and strontium, protein binding of, in guinea pig maternal and fetal blood plasma (Twardock et al.), 1008 (Current investigation)

XUM

Cancer, cervical, pretreatment evaluation in (Shingleton, Fowler, and Koch), 385
staging of (van Nagell, Roddick, and Lowin), 973
variations in response to therapy for (Isaacs), 390
Carbon-14–dieldrin, reduced passage of, to fetal rat by phenobarbital but not by 8 other drugs or dieldrin (Eliason and Posner), 943
Carcinoid tumor, ovarian, and term pregnancy (Hoch et al.), 1141 (Comm. in brief)
Carcinoma of cervix, comparison of 2 radiation therapy-treatment plans for (Boronow and Hickman), 693
in pregnancy (Wanless), 173
recurrence 25 years after primary surgical treatment, report of case (Sheldon, Decker, and Lee), 1140 (Comm. in brief)
relationship to, of herpes simplex genital infection (Centifanto et al.), 690
in situ, endometrial involvement by (Ferenczy, Richart, and Okagaki), 590 (Comm. in brief)
squamous dysplasia and, cytologic diagnosis of (Gondos, Townsend, and Ostergard), 107
recurrent endometrial, progestogen treatment of (Malkasian et al.), 15
Stage 1A (microinvasive), of cervix, diagnosis and management of (Boutselis, Ullery, and Charme), 984
Carcinosarcoma of ovary (Fenn and Abell), 1066
Castrated women, estrogen synthesis in: action of human chorionic gonadotropin and corticotropin (Poliak et al.), 376
Cecum, acute segmental dilatation of, without mechanical obstruction following cesarean section (Leventhal, Evans, and Levin), 538
Cells, human, normal and malignant, effect of diagnostic and therapeutic intensities of ultrasonics on (Loch, Fischer, and Kuwert), 457
Central Association of Obstetricians and Gynecologists, transactions of thirty-eighth annual meeting, continued, 1-41
Cerebrospinal fluid, enzyme levels in, in eclampsia (Morrison et al.), 619
Cervix, assay of tissue plasminogen activator in (Glas-Greenwalt, Beller, and Astrup), 721
cancer, pretreatment evaluation (Shingleton, Fowler, and Koch), 385
staging of (van Nagell, Roddick, and Lowin), 973
variations in response to therapy for (Isaacs), 390
carcinoma, comparison of 2 radiation therapy-treatment plans for (Boronow and Hickman), 693

squamous dysplasia and, cytologic diagnosis of (Gondos, Townsend, and Ostegard), 107
Stage 1A (microinvasive) of, diagnosis and management of (Boutselis, Ullery, and Charme), 984
dilation, aspiration abortion without (Goldsmith and Margolis), 580 (Current investigation)
gradual and safe, laminaria tent for (Manabe), 743 (Comm. in brief)
endometriosis, adenocarcinoma arising within, and invading adjacent vagina (Chang and Maddox), 1015 (Comm. in brief)
papillary adenofibroma of (Abell), 990
refractory involvement of, in case of pemphigus vulgaris (Friedman, Haim, and Paldi), 1023 (Comm. in brief)
vesicular lesions of (Burd and Esterly), 887 (Comm. in brief)
Cesarean section, acute segmental dilatation of cecum without mechanical obstruction following (Leventhal, Evans, and Levin), 538
postmortem, review of literature and case reports (Weber), 158
ureterouterine fistula after (El Mahgoub and El Zeniny), 881 (Comm. in brief)
Chemical test, diagnosis of fetal hemolytic disease by, in case with metheme-contaminated amniotic fluid (Kapitulnik, Schenker, and Blondheim), 62
Child molestation and alleged rape cases, review of (Robinson, Sherrod, and Malcarney), 405
Chloride, fat, and water in fetal growth-retarded rat (Lugo, O'Neil, and Cassady), 358
Cholinesterase, lung, and estradiol-17β, dose-time relationship (Abdul-Karim, Erhart, and Drucker), 424 (Comm. in brief)
Choriocarcinoma, rare case of, recurring 12 years after hysterectomy (Paranjothy and Samuel), 410
Chorionic gonadotropin, human, effect on intrauterine skin allograft survival in rats (Kaye et al.), 640
exogenous, maintenance of human corpus luteum (LeMaire et al.), 612
villi, human, syncytiotrophoblast of, mitotic activity in (Moe), 431 (Comm. in brief)
and syncytial sprouts in spontaneous and induced abortions (Fujikura, Ezaki, and Nishimura), 547
Chromosome, Y, fluorescence of, rapid test to determine fetal sex (Khudr and Benirschke), 1091
Classic pages, 121, 421, 588, 734, 874, 1029, 1139
Clitoromegaly, XY karyotype, and bilateral gonocytoma with massive Leydig cell hyperplasia (Zárate et al.), 875 (Comm. in brief)

Clostridium welchii septicotoxemia (Smith, McLean, and Maughan), 135 (Current developments)
Communications in brief, 122-134, 422-431, 589-597, 735-745, 875-888, 1015-1023, 1140-1146
Community hospitals and professional societies, role in continuing medical education (Hayden), 269
Conception control by cyclic injections of norethisterone enanthate and estradiol unducelate (Karim and El Mahgoub), 740 (Comm. in brief)
Cone-hysterectomy morbidity, factors affecting (DeCenzo, Malo, and Cavanagh), 380
Contraception, C-reactive protein in (Connell and Connell), 633
oral, serum alpha-1 acid glycoprotein concentration with (Mendenhall), 924
psychology of misuse and rejection of (Sandberg and Jacobs), 227
Contraceptive(s), effects of, depo-medroxyprogesterone acetate as (Powell and Seymour), 36
oral, effect on blood viscosity (Aronson, Magora, and Schenkar), 997
and exacerbation of lupus erythematosus (Chapel and Burns), 366
low in progestin (Ovulen), effects on blood fibrinolysis (Sobrero, Brakman, and Astrup), 122 (Comm. in brief)
self-administration of, medication monitor for studying (Moulding), 1143 (Comm. in brief)
use, motivational factors affecting (Kane et al.), 1050
Contraction records obtained from nonpregnant uterus in vivo, comparison of digital and nondigital analysis of (Braaksma et al.), 1075
Copper and zinc, maternal-fetal metabolism of, at term (Henkin, Marshall, and Meret), 131 (Comm. in brief)
Cord blood, estriol levels at delivery at high altitude (Sobrevilla, Romero, and Kruger), 596 (Comm. in brief)

Cord—Cont'd
sera of progeny of mothers treated with magnesium sulfate for toxemia of pregnancy, serum calcium levels in (Savory and Monif), 556
Corpora lutea of binovular twin pregnancy, malignant melanoma in (El-Minawi, Hori, and Donegan), 882 (Comm. in brief)
Corpus luteum, human, function of, during puerperium (Le Maire et al.), 612
maintenance by exogenous human chorionic gonadotropin (LeMaire et al.), 612
Correspondence 598-599, 889, 1147-1149
Corticotropin, action of, in castrated women (Poliak et al.), 376

Cytologic diagnosis of squamous dysplasia and carcinoma of cervix (Gondos, Townsend, and Ostergard), 107
Cytology, peritoneal, prognostic value in gynecologic malignant disease (Creasman and Rutledge), 773

D

Deaths, maternal, socioeconomic and health challenge (Klein and Karten), 298
Delivery, breech (Helfferich and Favier), 58
at high altitude, estriol levels of cord blood, maternal venous blood, and amniotic fluid at (Sobrevilla, Romero, and Kruger), 596 (Comm. in brief)
Depo-medroxyprogesterone acetate as contraceptive agent, effects of (Powell and Seymour), 36
Dermatitis, papular, of pregnancy, estrogen levels and estrogen therapy in (Spangler and Emerson), 534
Dieldrin, carbon-14 labeled, reduced passage of, to fetal rat by phenobarbital but not by 8 other drugs or dieldrin (Eliason and Posner), 943
Digital and nondigital analysis of contraction records obtained from nonpregnant uterus in vivo, comparison of (Braaksma et al.), 1075
Diodrast, ^{131}I-labeled, transfer from fetus into amniotic fluid after tracheal ligation (Reynolds, Pitkin, and Hodari), 566
Disease, fetal hemolytic, diagnosis of, by chemical test in case with metheme-contaminated amniotic fluid (Kapitulnik, Schenker, and Blondheim), 62
Ductus venosus and phrenic nerves in human embryos and fetuses, observations on (Pearson and Sauter), 560
Dysplasia, squamous, and carcinoma of cervix, cytologic diagnosis of (Gondos, Townsend, and Ostergard), 107

E

Eclampsia, enzyme levels in serum and cerebrospinal fluid in (Morrison et al.), 619
Ectopic pregnancy, chronic, ureteral obstruction in (Hovadhanakul, Eachempati, and Cavanagh), 311
Edema, triple (Ballantyne and Kaiser), 115 (Current opinion)
Education, continuing medical, role of community hospitals and professional societies in (Hayden), 269
licensing boards and certification boards in (McNulty), 268
university medical center in (Page), 266
of obstetricians and gynecologists (Breese), 265
Embryos, human, and fetuses, observations on phrenic nerves and ductus venosus in (Pearson and Sauter), 560
Endometrial carcinoma, recurrent, progestogen treatment of (Malkasian et al.), 15
involvement by cervical carcinoma in situ (Ferenczy, Richart, and Okagaki), 590 (Comm. in brief)
Endometriosis, cervical, adenocarcinoma arising within, and invading adjacent vagina (Chang and Maddox), 1015 (Comm. in brief)
externa in Ibadan, Nigeria (Aimakhu and Osunkoya), 489
malignant pleural (Labay and Feiner), 478
of ovary, adenocarcinoma of: case report (Mabry), 783
Endometrium, adenomatous hyperplasia of, associated with delayed manifestation of estrogen which produced ovarian tumor: case report (Hunter), 782
destruction of, by cryosurgery (Droegemueller, Makowski, and Macsalka), 467
Endotoxic shock, pathophysiologic approach to diagnosis and management (Roberts and Laros), 1041
Enzyme levels in serum and cerebrospinal fluid in eclampsia (Morrison et al.), 619
Estradiol-17β levels in pregnancy plasma, determination by competitive protein-binding method (Sybulski), 304
and lung cholinesterase, dose-time relationship (Abdul-Karim, Erhart, and Drucker), 424 (Comm. in brief)
unducelate and norethisterone enanthate, conception control by cyclic injections of (Karim and El Mahgoub), 740 (Comm. in brief)
Estriol determinations, urinary, in high-risk pregnancy in community hospital (Hoag), 203
excretion, urinary, and hemoglobinopathies of pregnancy (Dajani, Gumpel, and Cleary), 125 (Comm. in brief)
and 15α-hydroxyestriol, urinary excretion of, in complicated pregnancies (Heikkilä and Luukkainen), 509
levels of cord blood, maternal venous blood, and amniotic fluid at delivery at high altitude (Sobrevilla, Romero, and Kruger), 596 (Comm. in brief)
Estrogen, delayed manifestation of, which produced ovarian tumor, adenomatous hyperplasia of endometrium associated with: case report (Hunter), 782
levels and estrogen therapy in papular dermatitis of pregnancy (Spangler and Emerson), 534
synthesis in castrated women: action of human chorionic gonadotropin and corticotropin (Poliak et al.), 376
urinary, in spontaneous and induced ovulation in women (Smith, Stuart, and McArthur), 82
Ethanol, failure to prevent premature labor with (Graff), 878 (Comm. in brief)
C^{14}-labeled, placental transfer of (Idänpään-Heikkilä et al.), 426 (Comm. in brief)
Exenteration, pelvic, critical analysis of ten-year experience with use of team approach (Galante and Hill), 180
Exfoliation, iatrogenic vaginal membranous (Márquez-Monter, Ortiz-Balderrama, and Lara), 1018 (Comm. in brief)
Extrahepatic portal hypertension, pregnancy complicated by, review of literature and report of 2 cases (Donaldson and Plant), 255
Extraovular transcervical injection of rivanol for interruption of pregnancy (Nabriski et al.), 54
Eye, size of, relation to age and length in human ontogenesis (Staflova), 126 (Comm. in brief)

F

Fallopian tube, prolapse of, following abdominal hysterectomy (Halpin), 880 (Comm. in brief)
Familial ovarian hyperthecosis, study of 2 families (Givens et al.), 959
Family planning, expanded role for paramedical personnel (Rosenfield), 1030 (Current developments)

XUM

Family planning—Cont'd
program, hospital-based (Batts), 49
Fat, chloride, and water in fetal growth-retarded rat (Lugo, O'Neil, and Cassady), 358
Female health care, research in delivery of (Prystowsky, Burgess, and Held), 1055
decade's experience in resident education and university-based mobile health care team (Held and Prystowsky), 295
effort and effectiveness (Held, Burgess, and Prystowsky), 803
recipients' reaction (Jolly et al.), 291
Feminization syndrome, testicular, metabolic studies in patient with (Castañeda et al.), 1002
testicular, with immature Leydig cells, ultrastructural demonstration (Damjanov, Drobnjak, and Griselj), 594 (Comm. in brief)
Fetal distress, intrapartum clinical assessment of (Hobel), 336
growth, retarded, creatinine content of amniotic fluid in cases of (Moore, Murphy, and Davis), 908
rat, carcass water, fat, and chloride in (Lugo, O'Neil, and Cassady), 358
heart rate responses and plethysmographic pulse, intrapartum (Goodlin), 210
hemolytic disease, diagnosis of, by chemical test in case with metheme-contaminated amniotic fluid (Kapitulnik, Schenker, and Blondheim), 62
lidocaine concentrations, intrauterine, during continuous epidural anesthesia (Fox et al.), 896
maternal blood exchange transfusion in fetal lambs, effects of (Kirschbaum, Brinkman, and Assali), 190
metabolism of copper and zinc at term (Henkin, Marshall, and Meret), 131 (Comm. in brief)
monitoring, continous, uterine perforation as complication of (Haverkamp and Bowes), 667
operation in subhuman primate, anesthetic management for (Morishima et al.), 926
ovaries, human, germ cells in, ultrastructural observations on (Gondos, Bhiraleus, and Hobel), 644
rat, reduced passage of carbon-14–dieldrin to, by phenobarbital but not by 8 other drugs or dieldrin (Eliason and Posner), 943
scalp blood sampling, complication of (Nelson et al.), 737 (Comm. in brief)
sex, fluorescence of Y chromosome rapid test to determine (Khudr and Benirschke), 1091
transfusion, dangers of, importance of placental location (Cassady, Barnett, and Ceballos), 672
intrauterine, 5 years' experience (Duhring and Zwirek), 670
Fetoplacental function when fetal heart is malformed (Macafee et al.), 653
Fetus, congenital heart disease of, obstetric complications (Macafee et al.), 653
clinical considerations (Macafee, Beischer, and Fortune), 891
human, and embryos, observations on phrenic nerves and ductus venosus in (Pearson and Sauter), 560
syndrome, dead, another mechanism of producing hypofibrinogenemia with (Beck and Hill), 123 (Comm. in brief)
transfer of radioactive iodopyracet from, into amniotic fluid after tracheal ligation (Reynolds, Pitkin, and Hodari), 566
Fibrinolysis, blood, effects on, of oral contraceptive low in progestin (Ovulen) (Sobrero, Brakman, and Astrup), 122 (Comm. in brief)
Fibrinolytic system in late pregnancy, labor, and early puerperium (Manning et al.), 900
Fibromyomas of human uterus, assay of tissue plasminogen activator in (Glas-Greenwalt, Beller, and Astrup), 721
Fistulas, radiation-induced vaginal, management of (Boronow), 1
ureterouterine, after cesarean section (El Mahgoub and El Zeniny), 881 (Comm. in brief)
Fluorescence of Y chromosome, rapid test to determine fetal sex (Khudr and Benirschke), 1091

Galactorrhea, post-pill and pill-related (Gambrell, Greenblatt, and Mahesh), 838
Genital herpes in 2 social groups (Rawls et al.), 682
maternal, perinatal risk associated with (Nahmias et al.), 825
relationship of, to carcinoma of cervix (Centifanto et al.), 690
Germ cells in human fetal ovaries, ultrastructural observations on (Gondos, Bhiraleus, and Hobel), 644
Glucose-protein and protein ingestion in pregnancy, patterns of insulin, growth hormone, and placental lactogen release after (Tyson et al.), 934
Glycoprotein, serum alpha-1 acid, concentration in pregnancy and with oral contraception (Mendenhall), 924
Gonadal dysgenesis with isolated clitoromegaly, XY karotype, and bilateral gonocytoma with massive Leydig cell hyperplasia (Zárate et al.), 875 (Comm. in brief)
Gonadotropin, human chorionic, action of, in castrated women (Poliak et al.), 376
7 hour radioimmunoassay of (Halpern, Eckman, and Dolkart), 412 (Current investigation)
Gonocytoma, bilateral, clitoromegaly, and XY karyotype with massive Leydig cell hyperplasia (Zárate et al.), 875 (Comm. in brief)
Graft, peritoneal, in total pelvic exenteration (Morley and Lindenauer), 696
Granulosa-theca cell tumors, clinical and pathologic study (Anderson, Levine, and MacMillan), 32
Griess test to detect significant bacteriuria, further evaluation (Czerwinski et al.), 677
Gynecologic malignant disease, prognostic value of peritoneal cytology in (Creasman and Rutledge), 773
and obstetric practice, pragmatic ideals in (McCain), 763
repercussions from dilemma of women in our culture (Easley), 858
surgery, fatal superinfection with Monila in (Fox), 285
Gynecologists and obstetricians, continuing education of (Breese), 265

H

Health care, female, research in delivery of (Prystowsky, Burgess, and Held), 1055
decade's experience in resident education and university-based mobile health care team (Held and Prystowsky), 295
effort and effectiveness (Held, Burgess, and Prystowsky), 803
recipients' reaction (Jolly et al.), 291
team, mobile, university-based, decade's experience (Held and Prystowsky), 295
Heart disease, congenital, fetal, obstetric complications (Macafee et al.), 653
clinical considerations (Macafee, Beischer, and Fortune), 891
rate of neonate, thermal effects on (Goodlin and Horowitz), 674
patterns and apnea in newborn infants (Välimäki and Tarlo), 343
responses, fetal, and plethysmographic pulse, intrapartum (Goodlin), 210
Hemangiopericytoma of uterus, ultrastructural study (Silverberg, Willson, and Board), 397

Hemolytic disease, fetal, diagnosis of, by chemical test in a case with metheme-contaminated amniotic fluid (Kapitulnik, Schenker, and Blondheim), 62
Hemoglobin levels in users of IUD, clinical significance, 4 year study (Tejuja), 735 (Comm. in brief)
Hemoglobinopathies of pregnancy, urinary estriol excretion and (Dajani, Gumpel, and Cleary), 125 (Comm. in brief)
Hemorrhagic shock, pathophysiologic approach to diagnosis and management (Roberts and Laros), 1041
Herpes, genital, in 2 social groups (Rawls et al.), 682
simplex virus infection, maternal genital, perinatal risk associated with (Nahmias et al.), 825
relationship of, to carcinoma of cervix (Centifanto et al.), 690
Hexosamines and their biosynthesis in human amnion in vitro (Mazurkiewicz-Kilczewska), 355
Hidradenoma, papillary, of vulva, clinicopathologic study of 69 cases (Woodworth et al.), 501
High altitude, estriol levels of cord blood, maternal venous blood, and amniotic fluid at delivery at (Sobrevilla, Romero, and Kruger), 596 (Comm. in brief)
Histochemical localization of lactate dehydrogenase isoenzymes in human placenta (Benedetti et al.), 742 (Comm. in brief)
Hormone, growth, insulin, and placental lactogen release, patterns of, after protein and glucose-protein ingestion in pregnancy (Tyson et al.), 934
sex, secretion of placenta left in situ after ovarian pregnancy (Kim et al.), 658
Hospital-based family planning program (Batts), 49
Hospitals, community, and professional societies, role in continuing medical education (Hayden), 269
Host-parasite interactions, role of phagocyte in (Jacobs et al.), 911
hr′(c), artificial hyperimmunization to, successful pregnancy following (Wagner and McElin), 739 (Comm. in brief)
Hydatidiform mole, epidemiology of, in Singapore (Teoh, Dawood, and Ratnam), 415 (Current opinion)
2-^{14}C-5-Hydroxytryptamine, uptake of, by uterine tissue of nonpregnant and pregnant rats (Koren and Bloch), 919
Hypertension, experimental renal, influence on pregnancy in rat (Sybulski, Toth, and Maughan), 314
extrahepatic portal, pregnancy complicated by, review of literature and report of 2 cases (Donaldson and Plant), 255
portal, pregnancy following surgical treatment of (Niven, Williams, and Zeegen), 1100
Hyperthecosis, familial ovarian, study of 2 families (Givens et al.), 959
Hypofibrinogenemia, another mechanism of producing, with dead fetus syndrome (Beck and Hill), 123 (Comm. in brief)
Hypomucorrhea due to clomiphene, quinestrol therapy in (Sharf, Graff, and Kuzminsky), 423 (Comm. in brief)
Hypoxic stress, chronic, and chronic nicotine absorption, vital effects of, during pregnancy and nursing period (Becker and Martin), 522
Hysterectomy, abdominal, prolapse of Fallopian tube following (Halpin), 880 (Comm. in brief)
cone, morbidity, factors affecting (DeCenzo, Malo, and Cavanagh), 380
effect on urinary mucopolysaccharide excretion (Ledger, Thompson, and Grobelny), 494
human luteal function following, as assessed by plasma progestin (Doyle et al.), 92
rare case of choriocarcinoma recurring 12 years after (Paranjothy and Samuel), 410
vaginal, modality for therapeutic abortion and sterilization (Laufe and Kreutner), 1096

I

Ibadan, Nigeria, endometriosis externa in (Aimakhu and Osunkoya), 489
Ideals, pragmatic, in obstetric-gynecologic practice (McCain), 763
Immunization, Rh, role of spontaneous abortion in (Queenan, Gadow, and Lopes), 128 (Comm. in brief)
Immunoglobulins G and M, serum, increased levels of, in women using IUCD's (Holub, Reyner, and Forman), 362
Infant, mature, survival at Chicago Maternity Center from 1959 to 1963, effect of factors beyond clinical control and obstetric management (Benaron and Tucker), 1119
resuscitation and prevention of mental retardation (Westin), 1134
Infection, maternal genital herpes simplex virus, perinatal risk associated with (Richardson and Webber), 808
Insulin, growth hormone, and placental lactogen release, patterns of, after protein and glucose-protein ingestion in pregnancy (Tyson et al.), 934
Intrapartum fetal heart rate responses and plethysmographic pulse (Goodlin), 210
Intrauterine fetal transfusion, 5 years' experience (Duhring and Zwirek), 670
Iodine levels, serum and cellular, relationship to hyperbactericidal activity of pregnancy (Jacobs et al.), 911
Iodopyracet, radioactive (^{131}I-Diodrast), transfer from fetus into amniotic fluid after tracheal ligation (Reynolds, Pitkin, and Hodari), 566
Iron supplementation, antenatal, effect on placental iron (Apte, Iyengar, and Nagarajan), 350
Isoenzymes, lactate dehydrogenase, histochemical localization of, in human placenta (Benedetti et al.), 742 (Comm. in brief)
Items, 150, 456, 762, 1042
IUCD, hemoglobin levels in users of, clinical significance of, 4 year study (Tejuja), 735 (Comm. in brief)
increased levels of serum immunoglobulins G and M in women using (Holub, Reyner, and Forman), 362
severe peritonitis complicating (Rowland), 786
symptomatic users of, leukocyte alkaline phosphatase activity in (Santamaria-Urrego and Epstein), 461

J

Jaundice, obstructive, bilirubin in amniotic fluid of rats with (Willoughby et al.), 663

L

Labor, fibrinolytic system in (Manning et al.), 900
human, peripheral plasma progesterone levels during (Csapo et al.), 630
premature, failure to prevent, with ethanol (Graff), 878 (Comm. in brief)
term, relaxant action of ritodrine (sympathomimetic amine) on uterus during (Landesman et al.), 111 (Current investigation)
Lactate dehydrogenase isoenzymes, histochemical localization of, in human placenta (Benedetti et al.), 742 (Comm. in brief)
Lactation following lobectomy (Crist, Hendricks, and Brenner), 738 (Comm. in brief)
Lactogen, naturally occurring antihuman placental, dependent upon preparations tested (Gusdon, Leake, and Burt), 65
release, placental, patterns of, after protein and glucose-protein ingestion in pregnancy (Tyson et al.), 934
serum placental, activity in patients with molar pregnancy and trophoblastic tumors, reliable index of malignancy (Goldstein), 583 (Current investigation)

XUM

Laminaria tent for gradual and safe cervical dilatation (Manabe), 743 (Comm. in brief)
Laparoscopic tubal sterilization (Peterson and Behrman), 24
Laparoscopy, modified instrument and method for (Hasson), 886 (Comm. in brief)
pelvic: instrument (modified) to provide uterine elevation (McDonough, Talledo, and Owen), 1017 (Comm. in brief)
Leukocyte alkaline phosphatase activity in symptomatic users of IUCD (Santamaria-Urrego and Epstein), 461
Leydig cell hyperplasia, massive, with isolated clitoromegaly, XY karyotype, and bilateral gonocytoma (Zárate et al.), 875 (Comm. in brief)
immature, testicular feminization with, ultrastructural demonstration (Damjanov, Drobnjak, and Griselj), 594 (Comm. in brief)
Licensing boards and certification boards, role in continuing medical education (McNulty), 268
Lidocaine concentrations, intrauterine fetal, during continuous epidural anesthesia (Fox et al.), 896
Lippes loop, uric acid in uterine fluid of women fitted with, and in deposits found on used devices (Dasgupta, Kar, and Engineer), 593 (Comm. in brief)
Liver, human, ultrastructure of, at end of normal pregnancy (Pérez et al.), 428 (Comm. in brief)
Lobectomy, lactation following (Crist, Hendricks, and Brenner), 738 (Comm. in brief)
Lung cholinesterase and estradiol-17β, dose-time relationship (Abdul-Karim, Erhart, and Drucker), 424 (Comm. in brief)
Lupus erythematosus, exacerbation of, and oral contraceptives (Chapel and Burns), 366
Luteal function, human, following hysterectomy as assessed by plasma progestin (Doyle et al.), 92
Lymphoma, primary malignant vaginal, case report (McElin and Wagner), 883 (Comm. in brief)

M

Magnesium sulfate, mothers treated with, for toxemia of pregnancy, serum calcium levels in cord sera of progeny of (Savory and Monif), 556
Malignant disease, gynecologic, prognostic value of peritoneal cytology in (Creasman and Rutledge), 773
melanoma in corpora lutea of binovular twin pregnancy (El-Minawi, Hori, and Donegan), 882 (Comm. in brief)
mixed mesodermal tumor of uterus, ultrastructural study (Silverberg), 702
and normal human cells in vitro, effect of diagnostic and therapeutic intensities of ultrasonics on (Loch, Fischer, and Kuwert), 457
ovarian teratoma, solid, case of 8 year survival (Malkasian and Symmonds), 1020 (Comm. in brief)
pleural endometriosis (Labay and Feiner), 478
vaginal lymphoma, primary, case report (McElin and Wagner), 883 (Comm. in brief)
Malignancy, reliable index of: serum placental lactogen activity in patients with molar pregnancy and trophoblastic tumors (Goldstein), 583 (Current investigation)
Mammalian oocytes, radiosensitivity of (Baker) 746, (Current developments)
Marfan syndrome in pregnancy, case report (Cava and Dreier), 250
Mass, pelvic, unusual, report of case (McCready, Miller, and Guzzetta), 1021 (Comm. in brief)
Maternal deaths, health and socioeconomic challenge (Klein and Karten), 298
factors, uteroglobin and serum proteins of rabbit blastocysts as affected by (Hamana and Hafez), 572
genital herpes simplex virus infection, perinatal risk associated with (Nahmias et al.), 825
Maternal—Cont'd
mortality rates at Chicago Maternity Center from 1959 to 1963, effect of obstetric management and factors beyond clinical control (Benaron and Tucker), 1113
placental and myometrial blood flow of rhesus monkey during uterine contractions (Lees et al.), 68
Maternal-fetal blood exchange transfusion in fetal lambs, effects of (Kirschbaum, Brinkman, and Assali), 190
metabolism of copper and zinc at term (Henkin, Marshall, and Meret), 131 (Comm. in brief)
Medical center, university, role in continuing medical education (Page), 266
education, continuing, role of community hospitals and professional societies in (Hayden), 269
licensing boards and certification boards in (McNulty), 268
Medication monitor for studying self-administration of oral contraceptives (Moulding), 1143 (Comm. in brief)
Medroxyprogesterone acetate, depo-, as contraceptive agent, effects of (Powell and Seymour), 36
Melanoma, malignant, in corpora lutea of binovular twin pregnancy (El-Minawi, Hori, and Donegan), 882 (Comm. in brief)
Meningitis, tuberculous, and pregnancy (Goldfitch), 1143 (Comm. in brief)
Menorrhagia, treatment of (Nilsson and Rybo), 713
Menstrual cycle, effect on urinary mucopolysaccharide excretion (Ledger, Thompson, and Grobelny), 494
Mental retardation, prevention of, and infant resuscitation (Westin), 1134
Mesodermal tumor, malignant mixed, of uterus, ultrastructural study (Silverberg), 702
Metabolic studies in patient with testicular feminization syndrome (Castañeda et al.), 1002
Metabolism, maternal-fetal, of copper and zinc at term (Henkin, Marshall, and Meret), 131 (Comm. in brief)
Metheme-contaminated amniotic fluid, diagnosis of fetal hemolytic disease by chemical test in case with (Kapitulnik, Schenker, and Blondheim), 62
Mitotic activity in syncytiotrophoblast of human chorionic villi (Moe), 431 (Comm. in brief)
Molar pregnancy and trophoblastic tumors, serum placental lactogen activity in patients with, reliable index of malignancy (Goldstein), 583 (Current investigation)
Mole, hydatidiform, epidemiology of, in Singapore (Teoh, Dawood, and Ratnam), 415 (Current opinion)
Molestation, child, and alleged rape cases, review of (Robinson, Sherrod, and Malcarney), 405
Monilia, fatal superinfection with, in gynecological surgery (Fox), 285
Motivational factors affecting contraceptive use (Kane et al.), 1050
Mucopolysaccharide excretion, urinary, effects of menstrual cycle, pregnancy, hysterectomy, and other operative procedures on (Ledger, Thompson, and Grobelny), 494
Myometrial changes in postpartum uterine involution (Dessouky), 318
and maternal placental blood flow of rhesus monkey during uterine contractions (Lees et al.), 68
Myometrium, assay of tissue plasminogen activator in (Glas-Greenwalt, Beller, and Astrup), 721

N

Narcotic-addicted and normal mothers, variations in birth cries of newborn infants from (Blinick, Tavolga, and Antopol), 948
Neonate, heart rate, thermal effects on (Goodlin and Horowitz), 674

Nerves, phrenic, and ductus venosus in human embryos and fetuses, observations on (Pearson and Sauter), 560
Neurologic and psychometric follow-up study of Rh-erythroblastotic infants requiring intrauterine blood transfusion (Oh et al.), 330
Newborn infants from narcotic-addicted and normal mothers, variations in birth cries of (Blinick, Tavolga, and Antopol), 948
Nicotine absorption, chronic, and chronic hypoxic stress, vital effects of, during pregnancy and nursing period (Becker and Martin), 522
Noetic dimension of human reproduction (Richardson and Webber), 808
Nondisjunction, secondary, causing regular trisomy 21 in offspring of mosaic trisomy 21 mother (Krmpotic and Hardin), 589 (Comm. in brief)
Norethisterone enanthate and estradiol unducelate, conception control by cyclic injections of (Karim and El Mahgoub), 740 (Comm. in brief)
Nursing period, vital effects of chronic nicotine absorption and chronic hypoxic stress during (Becker and Martin), 522
Nutrition in etiology of toxemia of pregnancy, role of (Chaudhuri), 46

Psychometric and neurologic follow-up study of Rh-erythroblastotic infants requiring intrauterine blood transfusion (Oh et al.), 330
Puerperium, early, fibrinolytic system in (Manning et al.), 900
function of human corpus luteum during (LeMaire et al.), 612
Pulse, plethysmographic, intrapartum fetal heart rate responses and (Goodlin), 210

Q

Quinestrol therapy in hypomucorrhea due to clomiphene (Sharf, Graff, and Kuzminsky), 423 (Comm. in brief)

R

Radiation exposure of personnel in 2 radiation therapy-treatment plans for carcinoma of cervix (Boronow and Hickman), 693
induced vaginal fistulas, management of (Boronow), 1
therapy-treatment plans for carcinoma of cervix, comparison of 2 (Boronow and Hickman), 693
Radioactive iodopyracet (^{131}I-Diodrast), transfer from fetus into amniotic fluid after tracheal ligation (Reynolds, Pitkin, and Hodari), 566

Radioimmunoassay, 7 hour, of human chorionic gonadotropin (Halpern, Eckman, and Dolkart), 412 (Current investigation)
Radiosensitivity of mammalian oocytes with particular reference to human female (Baker), 746 (Current developments)
Rape cases, alleged, and child molestation, review of (Robinson, Sherrod, and Malcarney), 405
Renal hypertension, experimental, influence on pregnancy in rat (Sybulski, Toth, and Maughan), 314
Reproduction, human, noetic dimension of (Richardson and Webber), 803
Reproductive tract of nonpregnant ewe, temperature differences in (Abrams et al.), 370
Resident education delivery of female health care, decade's experience (Held and Prystowsky), 295
Rh-erythroblastotic infants requiring intrauterine blood transfusion, neurologic and psychometric follow-up study of (Oh et al.), 330
immunization, prevention of, after transfusion with Rh-positive blood (McElrath and Ascari), 309
role of spontaneous abortion in (Queenan, Gadow, and Lopes), 128 (Comm. in brief)
Ritodrine (sympathomimetic amine), relaxant action of, on uterus during term labor (Landesman et al.) 111 (Current investigation)
Rivanol, extraovular transcervical injection of, for interruption of pregnancy (Nabriski et al.), 54

S

Scalp blood, fetal, sampling, complication of (Nelson et al.), 737 (Comm. in brief)
Seasonality in American births, 3 patterns of (Lyster), 1025 (Current opinion)
Septicotoxemia, *Clostridium welchii* (Smith, McLean, and Maughan), 135 (Current developments)
Serum, enzyme levels in, in eclampsia (Morrison et al.), 619
Sex, fetal, fluorescence of Y chromosome rapid test to determine (Khudr and Benirschke), 1091
hormone secretion of placenta left in situ after ovarian pregnancy (Kim et al.), 658
Shock, hemorrhagic and endotoxic, pathophysiologic approach to diagnosis and management, 1041
Singapore, epidemiology of hydatidiform mole in (Teoh, Dawood, and Ratnam), 415 (Current opinion)
Skin allograft, intrauterine, survival in rats, effect of human chorionic gonadotropin on (Kaye et al.), 640
Slide test, new, for pregnancy, evaluation (Driscoll et al.), 1083
Smear, Papanicolaou, abnormal, management of patient with (Holley), 979
Societies, professional, and community hospitals, role in continuing medical education (Hayden), 269
South Atlantic Association of Obstetricians and Gynecologists, transactions of thirty-third annual meeting, 763-873
Squamous dysplasia and carcinoma of cervix, cytologic diagnosis of (Gondos, Townsend, and Ostergard), 107
Staging of cervical cancer: inevitable discrepancies between clinical staging and pathologic findings (van Nagell, Roddick, and Lowin), 973
Sterilization, laparoscopic tubal (Peterson and Behrman), 24
vaginal hysterectomy as modality for (Laufe and Kreutner), 1096
Strontium and calcium, protein binding of, in guinea pig maternal and fetal blood plasma (Twardock et al.), 1008 (Current investigation)
Sympathomimetic amine (ritodrine), relaxant action of, on uterus during term labor (Landesman et al.), 111 (Current investigation)
Sympathomimetic—Cont'd
drugs, effect on human oviduct in vivo (Cibils et al.), 481
Syncytial sprouts and chorionic villi in spontaneous and induced abortions (Fujikura, Ezaki, and Nishimura), 547
Syncytiotrophoblast of human chorionic villi, mitotic activity in (Moe), 431 (Comm. in brief)
Syndrome, dead fetus, another mechanism of producing hypofibrinogenemia with (Beck and Hill), 123 (Comm. in brief)
Marfan, in pregnancy, case report (Cava and Dreier), 250

T

Temperature differences in reproductive tract of nonpregnant ewe (Abrams et al.), 370
Teratoma, solid malignant ovarian, case of 8 year survival (Malkasian and Symmonds), 1020 (Comm. in brief)
Testicular feminization with immature Leydig cells, ultrastructural demonstration (Damjanov, Drobnjak, and Grizelj), 594 (Comm. in brief)
syndrome, metabolic studies in patient with (Castañeda et al.), 1002
Theca cell-cystic granulosa tumor, massive, report of case (Robertson and Miller), 407
granulosa tumors, clinical and pathologic study (Anderson, Levine, and MacMillan), 32
Therapeutic abortion follow-up study (Margolis et al.), 243
Thermal effects on heart rate of neonate (Goodlin and Horowitz), 674
Tissue plasminogen activator in myometrium, cervix, and fibromyomas of human uterus, comparative assays of (Glas-Greenwalt, Beller, and Astrup), 721
Toxemia of pregnancy, role of nutrition in etiology of (Chaudhuri), 46
serum calcium levels in cord sera of progeny of mothers treated with magnesium sulfate for (Savory and Monif), 556
Tracheal ligation, transfer of radioactive iodopyracet from fetus into amniotic fluid after (Reynolds, Pitkin, and Hodari), 566
Transactions, thirty-eighth annual meeting, Central Association of Obstetricians and Gynecologists, continued, 1-41
thirty-seventh annual meeting, Pacific Coast Obstetrical and Gynecological Society, 151-290
thirty-third annual meeting, South Atlantic Association of Obstetricians and Gynecologists, 763-873
Transcervical injection, extraovular, or rivanol for interruption of pregnancy (Nabriski et al.), 54
Transfusion, exchange, maternal-fetal blood, in fetal lambs, effects of (Kirschbaum, Brinkman, and Assali), 190
fetal, dangers of, importance of placental location (Cassady, Barnett, and Ceballos), 672
intrauterine fetal, 5 years' experience (Duhring and Zwirek), 670
with Rh-positive blood, prevention of Rh immunization after (McElrath and Ascari), 309
Trisomy 21, mosaic, mother, secondary nondisjunction causing regular trisomy 21 in offspring of (Krmpotic and Hardin), 589 (Comm. in brief)
regular, secondary nondisjunction causing, in offspring of mosaic trisomy 21 mother (Krmpotic and Hardin), 589 (Comm. in brief)
Trophoblastic tumors and molar pregnancy, serum placental lactogen activity in patients with, reliable index of malignancy (Goldstein), 583 (Current investigation)
Tubal sterilization, laparoscopic (Peterson and Behrman), 24
Tube, Fallopian, prolapse of, following abdominal hysterectomy (Halpin), 880 (Comm. in brief)

XUM

Tuberculous meningitis and pregnancy (Golditch), 1144 (Comm. in brief)
Tumor(s), granulosa-theca cell, clinical and pathologic study (Anderson, Levine, and MacMillan), 32
ovarian, adenomatous hyperplasia of endometrium associated with delayed manifestation of estrogen which produced: case report (Hunter), 782
carcinoid, and term pregnancy (Hoch et al.), 1141 (Comm. in brief)
malignant mixed mesodermal, of uterus, ultrastructural study (Silverberg), 702
massive cystic granulosa-theca cell, report of case (Robertson and Miller), 407
trophoblastic, and molar pregnancy, serum placental lactogen activity in patients with, reliable index of malignancy (Goldstein), 583 (Current investigation)
Twin pregnancy, binovular, malignant melanoma in corpora lutea of (El-Minawi, Hori, and Donegan), 882 (Comm. in brief)
second (Ware), 865

U

Ultrasonics, effect of diagnostic and therapeutic intensities of, on normal and malignant human cells in vitro (Loch, Fischer, and Kuwert), 457
Ultrastructural demonstration of testicular feminization with immature Leydig cells (Damjanov, Drobnjak, and Griselj), 594 (Comm. in brief)
observations on germ cells in human fetal ovaries (Gondos, Bhiraleus, and Hobel), 644
University medical center, role in continuing medical education (Page), 266
Ureteral obstruction in chronic ectopic pregnancy (Hovadhanakul, Eachempati, and Cavanagh), 311
Ureterouterine fistula after cesarean section (El Mahgoub and El Zeniny), 881 (Comm. in brief)
Uric acid in uterine fluid of women fitted with Lippes loop and in deposits found on used devices (Dasgupta, Kar, and Engineer), 593 (Comm. in brief)
Urinary bladder, vagina from (Carmichael) 130 (Comm. in brief)
estriol determinations in high-risk pregnancy in community hospital, (Hoag), 203
excretion and hemoglobinopathies of pregnancy (Dajani, Gumpel, and Cleary), 125 (Comm. in brief)
estrogens in spontaneous and induced ovulation in women (Smith, Stuart, and McArthur), 82
excretion of estriol and 15α-hydroxyestriol in complicated pregnancies (Heikkilä and Luukkainen), 509
mucopolysaccharide excretion, effects of menstrual cycle, pregnancy, hysterectomy, and other operative procedures on (Ledger, Thompson, and Grobelny), 494
Urine, first morning, to detect significant bacteriuria, evaluation (Czerwinski et al.), 42
Uterine arteries, isolated human, responses to vasoactive drugs (Gough and Dyer), 625
cervix, papillary adenofibroma of (Abell), 990
refractory involvement of, in case of pemphigus vulgaris (Friedman, Haim, and Paldi), 1023 (Comm. in brief)
vesicular lesions of (Burd and Esterly), 887 (Comm. in brief)
contractions, maternal placental and myometrial blood flow of rhesus monkey during (Lees et al.), 68
elevation, instrument (modified) to provide, in pelvic laparoscopy (McDonough, Talledo, and Owen), 1017 (Comm. in brief)
fluid of women fitted with Lippes loop, uric acid in, and in deposits found on used devices (Dasgupta, Kar, and Engineer), 593 (Comm. in brief)
Uterine—Cont'd
motility, inhibition of, by aminophylline (Coutinho and Lopes), 726 (Current investigation)
perforation, complication of continuous fetal monitoring (Haverkamp and Bowes), 667
tissue of nonpregnant and pregnant rats, uptake of 2-^{11}C-5-hydroxytryptamine by (Koren and Bloch), 919
Uteroglobin and serum proteins of rabbit blastocysts as affected by maternal factors (Hamana and Hafez), 572
Uterus, hemangiopericytoma of, ultrastructural study (Silverberg, Willson, and Board), 397
human, fibromyomas of, assay of tissue plasminogen activator in (Glas-Greenwalt, Beller, and Astrup), 721
involution, postpartum, myometrial changes in (Dessouky), 318
malignant mixed mesodermal tumor, ultrastructural study (Silverberg), 702
nonpregnant, comparison of digital and nondigital analysis of contraction records obtained from, in vivo (Braaksma et al.), 1075
relaxant action of ritodrine (sympathomimetic amine) on, during term labor (Landesman et al.), 111 (Current investigation)

V

Vagina, adenocarcinoma arising within cervical endometriosis and invading adjacent (Chang and Maddox), 1015 (Comm. in brief)
from urinary bladder (Carmichael), 130 (Comm. in brief)
Vaginal fistulas, radiation-induced, management of (Boronow), 1
hysterectomy, modality for therapeutic abortion and sterilization (Laufe and Kreutner), 1096
lymphoma, primary malignant, case report (McElin and Wagner), 883 (Comm. in brief)
membranous exfoliation, iatrogenic (Márquez-Monter, Ortiz-Balderrama, and Lara), 1018 (Comm. in brief)
Vasoactive drugs, responses of isolated human uterine arteries to (Gough and Dyer), 625
Virus infection, herpes simplex, maternal genital, perinatal risk associated with (Richardson and Webber), 808
Vulva, papillary hidradenoma of, clinicopathologic study of 69 cases (Woodworth et al.), 501
premalignant lesions of, diagnosis and treatment: review (Underwood and Hester), 849

W

Water, fat, and chloride in fetal growth-retarded rat (Lugo, O'Neil, and Cassady), 358
Wedge resection, long-term effect on androgen production in case of polycystic ovarian disease (Judd, Barnes, and Kliman), 1061
Women in our culture, dilemma of: gynecologic repercussions (Easley), 858

X

XY human female with ovaries (Kadotani et al.), 98
karyotype, clitoromegaly, and bilateral gonocytoma with massive Leydig cell hyperplasia (Zárate et al.), 875 (Comm. in brief)

Y

Y chromosome, fluorescence of, rapid test to determine fetal sex (Khudr and Benirschke), 1091

Z

Zinc and copper, maternal-fetal metabolism of, at term (Henkin, Marshall, and Meret), 131 (Comm. in brief)
